B. A Resolution authorizing the Mayor to execute an agreement with Prince Service and Mfg. Inc. for the amount of $196,032.00 to perform repairs and modifications for Fenley Ryther Dam at Lake Tobesofkee

**Discussion**

David Fortson, Director of Engineering, stated Engineering had recently experienced problems with the east gate of the dam in that it would not come down properly. Mr. Fortson continued that the belief was that after having the dam painted, the new seals are too tight and that dirt and debris has accumulated on the seals. This problem needs to be correct quickly so as not to warp the gates. There is also some concern regarding the bottom seal. The money allocated will be used to purchase the seals and then after testing, if the seals are not needed, they will be stored for future use.

On motion of Commissioner Larry Schlesinger, seconded by Commissioner Scotty Shepherd, and carried unanimously, the agreement with Prince Service and Mfg. Inc. was approved for consideration at tonight’s Regular Commission meeting as item P under Old Business.

C. A Resolution to support the proposed development by Roundstone Development, LLC entitled “The Pines” located between Northside Drive and Elnora Drive; to provide financial assistance in the amount of $250,000 for said development should Roundstone Development, LLC receive an allocation for Low Income Housing Tax Credits.
