I. INTRODUCTION

ROBERT A.B. REICHERT MAYOR

City of Macon

700 POPLAR STREET
P.O. BOX 247

MACON, GEORGIA 31202-0247
(478) 751-7170

FAX (478) 751-2749

September 15, 2008

Dear President Paris, Members of Council and Citizens of Macon:

The members of the Administrative Budget Committee along with Department Heads, and city-funded agency representatives deliberated in earnest with the goal of presenting a balanced budget that is efficient and fully considerate of the current financial position of the City of Macon (the "City"). The 2009 budget addresses issues that have been raised by auditors and outside rating agencies that have urged the City to improve its financial stability.

Like many cities across the nation, the City is plagued by escalating fuel prices, health care costs, and capital repairs and replacements for old and worn-out equipment and facilities, which are necessary for the safety and general welfare of its citizens and our employees.

The focus for this budget was to account for these issues, while cutting expenditures where feasible. This proposed budget meets the needs of our customer service oriented environment, and is fiscally sound, as you will find in the following budget summary and highlights.

Initiatives in the Budget for FY 2009

We have incorporated a \$665.60 increase in salaries for each employee and department head effective October 1, 2008. Fifty-three (53) vacant positions have been frozen for one year. A study will be initiated by UGA for a uniform pay scale for the City Employees. The pension contribution for General Employees will be increased from 1.35% to 2.35 % at a cost of \$220,000 more per year.

A few departmental changes were incorporated into the budget plan. The Bowden Golf Course is proposed to be under the Parks and Recreation Department. The Government Channel Access Manager has been removed from the Mayor's Office and added to the Information Technology Department (IT). This is more consistent with the services offered by the IT Department than the Mayor's Office.

Name: President Paris, Members of Council and Citizens of Macon

Date: September 15, 2008

Page #2

You will see some new line items added to the budget for 2009. These include \$75,600 rent expense in Inspection and Fees and the same amount is included as revenues in the General Fund. Also new are line items of \$330,000 for Street Paving and Georgia Municipal Association (GMA) debt payments of over \$1.5 million which will be paid from the General Fund. In the prior years these expenditures were paid from SPLOST.

A new fund shown in the comprehensive budget for the first time in FY 2009 is the Group Insurance Fund which as a total budget of \$11,236,846. The City's contribution for health costs has been increased from \$5,832 to \$6,282 per employee in this budget. This change along with the reduction experienced under our current provider will allow us to operate without a deficit in the Group Insurance Fund. We expect to totally eliminate the need for a transfer from the General Fund.

Our goal again this fiscal year is to place a high priority on making all enterprise funds achieve break-even status. City budget policy says all enterprise funds are expected to approximately break even with the exception of depreciation. The FY 2009 General Fund includes subsidies for the Centreplex, Bowden, Debt Service, and Capital Improvement Funds.

Budget Composition and Highlights

General Fund revenue for FY 2009 is projected conservatively at \$70.4 million almost the same, when compared to the FY 2008 approved budget (\$70.45 million).

The City's revenue continues to be comprised of two major sources, the Local Option Sales Tax and the Ad Valorem or Property Tax. These two sources of revenue together make up 55.2% of the General Fund projected revenues. There is no change in Sales Tax revenue from the FY 2008 approved budget level. General Property Tax is projected at 17.5 million and reflects a 1.2% decrease, when compared to the FY 2008 approved budget. Franchise fees and the insurance premium tax total \$13.1 million and represent more than 18% of General Fund revenue. The other 26.8% of revenue comes from Other Local Governments, 11%; Fines and Forfeitures, 3.6%; and 12.2% Miscellaneous (licenses and permits, right of way fees and general city government).

The total budget for FY 2009 is \$124.9 million, an increase from the FY 2008 budget (\$104.8 million) of approximately \$21.1 million, a 20.1% increase. The increase is due to the first time inclusion of the Group Insurance Fund, excess SPLOST reserve and retiring the 2003 Coliseum Debt in full.

The FY 2009 Budgeted Expenses by Fund are as follows:

General Fund		\$70,396,556
Enterprise Funds:		\$14,313,863
Bowden Golf Course	\$ 729,446	A Providence and Commission of the Commission of
Centreplex	\$4,383,198	
Airport	\$2,347,134	
Solid Waste Fund	\$6,854,085	
Internal Service /Special Revenue/G	overnmental Funds:	\$40,175,816
Vehicle Maintenance	\$ 1,895,000	0001 (1.100 4 110 - 1.100 (1 .4 00 1.100 (1
Debt Service Fund	\$ 1,708,780	
SPLOST	\$ 19,473,952	
Terminal Station	\$ 494,515	
Hotel/Motel Taxes	\$ 726,500	
E-911	\$ 2,966,623	
1976 Street & Traffic Improvement	\$ 7,500	
State Capital Improvement Fund	\$ 5,000	
Law Enforcement Confiscation	\$ 173,000	
Capital Improvement	\$ 1,488,100	
Group Insurance	\$ 11,236,845	

Total Budget \$124,886,234

Conclusion

It is my vision to place Macon in a stable and upward moving financial position, while maintaining at least \$6 million in cash reserves. There are many hurdles to overcome as we attempt to rectify the issues raised in the 2007 audit and improve the financial rating of the City. We must proactively and aggressively tackle other current issues as well. Our focus will continue to be the City's cash flow; funding much needed capital projects and compiling a five-year capital plan; seeking increases in revenue flow, which may require better enforcement and collection practices on monies due the City and future increases in fees in order to satisfy the on-going needs of the taxpayers, citizens and guests in our community; planning and funding the imminent closure of our landfill; providing adequate security for our city offices, in particular City Hall; and improving the coordination of services to the great citizens of our City, through effective negotiation of the Service Delivery Strategy in FY 2009. Our efforts are designed to reinforce our finances and conserve our resources, while increasing efficiencies and reducing financial drains.

Page #4

Again, there has been no proposed tax increase for the upcoming budget year; however, this is an area that must be addressed in the near term. With escalating costs for most services, equipment and supplies, a tax increase will be required if the level of services to our community is to be maintained.

To ensure our success, all entities of this government must unite and be steadfast in our goal to make Macon better for the future. There are some difficult decisions that have to be made. We ask you to carefully consider and deliberate this budget for all the benefits it has been designed to provide for FY 2009 and the years beyond.

Robert A.B Reichert

Mayor

RABR/nb

II. GENERAL INFORMATION

GENERAL INFORMATION

This section contains information about the city, city government operations, and information to assist the reader in reviewing this document. It includes:

- An organizational chart outlining the total city structure
- ♦ A list of principal officials in the city
- Basic information about the budget process and purpose
- ♦ A brief history of the city and other vital information
- ♦ A budget guide to assist the reader in reviewing this document

MISSION

To provide a strong, compassionate government based on a commitment to fiscal responsibility, quality services, openness, inclusiveness and active citizen participation.

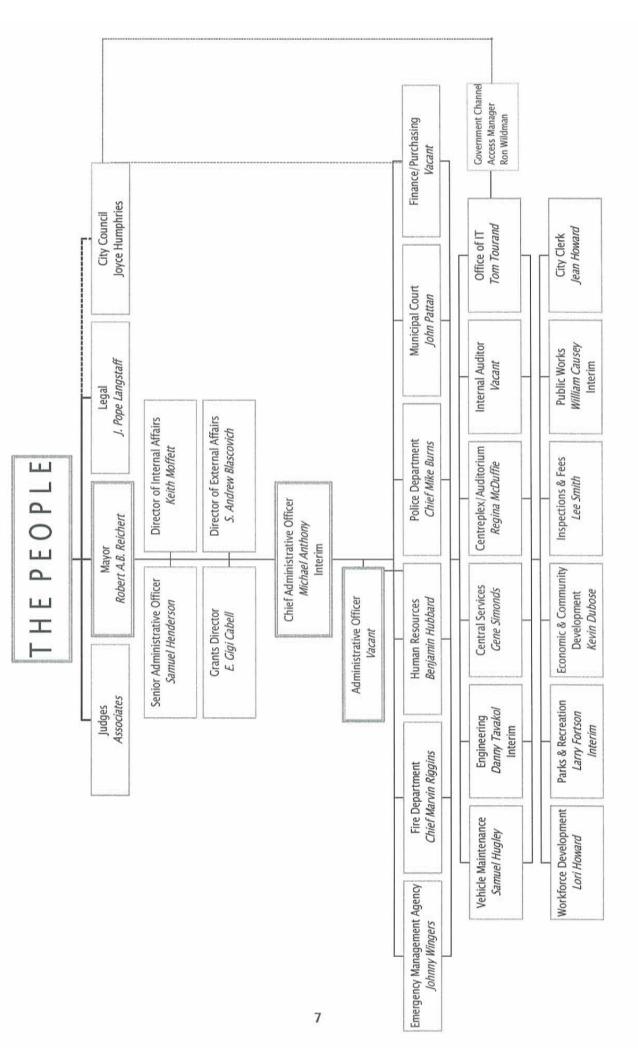

VISION

It is our desire for Macon, Georgia to become one of the most livable cites in America—a city where equal opportunity is taken for granted and human and economic development are our highest priorities—a city of the future equipped with the physical and technological infrastructure that is changing our world today and an educated work force able to compete in the emerging global marketplace.

GOALS

- Efficient and Effective Government
- Open and Inclusive Government
- Human/Economic
- Youth Development
- A Life of Dignity and Respect for Senior Citizens
- A Safe, Healthy and Secure Community
- A Higher Quality of Life
- A Strong Partnership with Public and Private Sectors

BUDGETARY STRUCTURE AND PROCESS

The City of Macon was incorporated on December 10, 1823 under the provisions of an Act of the General Assembly of Georgia. The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter; public safety (police and fire services), highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning, and general administrative services.

FINANCIAL STRUCTURE

FUND ACCOUNTING

The accounts of the City are organized on the basis of funds and account groups; each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

The level of control or level at which expenditures may not legally exceed the budget is the line item. Any change in the appropriation level of the line item must be approved by the City Council as well as any changes between function areas as identified in the chart of accounts. All appropriations lapse at year-end. The following fund types are used by the City (City of Macon)

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most government functions of the City are financed. The acquisition, use and balances of the City expendable financial resources, and the related liabilities, (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial rather than upon net income determination. The following are the City's Governmental Fund types:

General Fund - The General Fund is the general operation fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> – The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than Capital Project and Trust Funds) that are legally restricted to expenditures for specified purposes.

<u>Debt Service Funds</u> – The Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long – term debt principal, interest and related costs.

<u>Capital Project Funds</u> – The Capital Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds)

PROPRIETARY FUND TYPES

The proprietary Funds are used to account for the City's ongoing activities which are similar to those often found in the private sector. The measurement focus is upon determination of net income. The following are the City's Proprietary Fund types:

Enterprise Funds – The Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/ or net income is appropriated for capital maintenance, public policy, management control, accountability or other purposes.

<u>Internal Service Fund</u> – The Internal Service Fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or other governments, on a cost – reimbursement basis.

FIDUCIARY FUND TYPES

The Fiduciary Funds are used to account for assets held by the City in a trustee capacity, or as an agent for individuals, private organizations, other governmental units, and/ or other funds.

<u>Pension Trust Fund</u> - The Pension Trust Fund is accounted for in the same manner as Proprietary Funds.

<u>Agency Funds</u> – The Agency Funds are used to account for assets held by the City as custodian or agent for individuals, other governmental units, and non – public organizations. Agency fund are custodial in nature (assets equal liabilities) and do not include the measurement of results of operations. The City does not have any agency funds.

BASIS OF ACCOUNTING

The modified accrual basis of accounting is followed in all governmental fund types, expendable trust funds and agency funds. Under this method, revenues are recognized

when they become measurable and available as net current assets. Expenditures are generally recognized when the obligation is incurred, with the exception of principal and interest on general long term debt which is recognized when due.

Those revenues susceptible to accrual are property taxes, local option sales taxes, other taxes, intergovernmental revenue, interest revenue and charges for services. Fines, licenses and permits and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash.

The accrual basis of accounting is utilized by proprietary fund types and pension trust funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

REVENUE MONITORING

Depart heads are responsible for submitting revenue estimates to the Finance Office during the budget process. The projections should include a formula of collection or an anticipated collection schedule.

The Finance Office is responsible for monitoring the City's revenue collections. Computer reports are prepared monthly which compare actual receipts to the budget and sent to the departments for their review. In the event a department is not realizing their projection, the Finance Office will contact the department to inquire as to the extenuating circumstances that may have affected revenues.

EXPENDITURE CONTROL & MONITORING

An operational control of departmental or activity budgets is maintained by preliminary check of funds availability on a line item basis. City computerized purchasing system assures budget availability prior to the issuance of purchase orders. Budgetary expenditure printouts are submitted to the departments on a monthly basis. Each department has a liaison in the Finance Department assigned to monitor its financial activities and progress

FUND BALANCE

Governmental Funds report the difference between their assets and liabilities as fund balance, which is divided into reserved and unreserved portions.

In the fund balance statements, governmental funds report reservation of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. The City has established the following reservations.

Fund Balance – Reserved for Encumbrances – This portion of fund balance represents various restricted assets or resources of the City which have been encumbered or appropriated as required for purchase orders or contractual obligations.

Fund Balance – Reserved for Advances and Long-term Receivables – This portion represents a reservation of fund balance relative to the long term nature of such amounts.

Fund Balance – Reserved for Debt Service – This portion of fund balance represents resources of the City which have been formally set aside for future debt service.

BASIS OF BUDGETING

Annual budgets are legally adopted for the General Fund, Special Revenue Fund, Internal Service Fund, Debt Service, Capital Improvements and Enterprise Funds. All budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). Encumbrances are treated as budgeted expenditures in the year the commitment to purchase is incurred; and unencumbered appropriations in the annual operating budget lapse at fiscal year end. Legal provisions, including the City Charter and the Georgia Fiscal Standards Act, also govern the budgetary process.

The General Fund is subject to control on a departmental basis, while the Special Revenue and Debt Service Funds are subject to budgetary control on an individual fund basis. Budgets are prepared for the Capital Improvements Fund on a project basis, which usually covers only one fiscal year. Proprietary Fund budgets are prepared and utilized as a management tool to assess the operations of the enterprise and internal service funds.

BUDGET PROCESS

BUDGET PREPARATION

Many administrative policies are incorporated into the budgetary process in order to assure that the budget is a management plan of action for the fiscal year.

Under the direction of the Mayor, the Chief Administrative Officer, assisted by the Administrative Budget Committee, is responsible for budget preparation. Department and agency heads formally begin budget preparation in January. Capital and administrative budget hearings are held with each department and agency head. After review by the Mayor, a final budget proposal package is prepared.

The City Charter requires that the budget proposal be submitted by the Mayor to the City Council in the form of a draft ordinance of appropriations at least six weeks prior to the start of the fiscal year.

The Appropriations Committee of City Council reviews the proposed budget and conducts another series of budget hearings with department and agency heads. A public hearing on the entire budget is conducted by City Council, at least one week prior to approval of an appropriations ordinance, which provides funding by department or function.

The Mayor may veto individual appropriation line items and a two-thirds vote of City Council is required to override the veto.

BUDGETARY AMENDMENTS

The budget is not a static document. It is a dynamic process which requires continuous monitoring and occasional revisions that reflect changing operational developments. In order to accommodate the changing needs of the government, the legislative body makes amendments to the budget.

There is only one type of budget amendment. The amendment is one that may cause a net change in the overall budget or a department budget. This type of amendment may result from increased or decreased revenue and/or expenditures or requested changes in funding for a capital project. This amendment is known as a Supplemental Budget Appropriation. Budget amendments of this nature are legislative and require City Council approval.

Supplemental Budget Appropriations are initiated by a written request from the department head to the Chief Administrative Officer (CAO) and Finance Director. After proper research and verification, the request is approved (or disapproved) administratively. The Finance Director is instructed to prepare an "Anticipated Budget Change" form as support for a supplemental appropriation ordinance for submission to the Appropriations Committee of Council for review. With a recommendation from the Appropriations Committee, the supplemental ordinance is referred to "full" Council for approval.

BUDGET PREPARATION CALENDAR

JANUARY 2008 PRELIMINARY PREP

- Budget Instruction Manual updated
- Departmental budget packages prepared
- Initial briefing of the Administrative Budget Committee (ABC)
- Conduct workshops with Department and Agency budget personnel
- Budget information and schedule distributed

FEBRUARY 2008 PHASE I - CAPITAL BUDGET SCHEDULE

- Capital budget requests due from Departments
- Revenue estimates due from Departments
- Objectives and Performance Measures due
- Capital budget hearings conducted by the ABC
- ABC inspection of specific projects
- ABC review of capital projects requests

MARCH 2008- ABC reviews continued

- Review of key budget issues and recommendations for the capital budget with the Mayor
- Preliminary decision on final capital budget

PHASE II - OPERATING BUDGET SCHEDULE

- Operating budget requests due from Departments and Agencies
- Requested personnel changes reviewed
- Review of final Capital budget and requested operating budget with the Mayor
- Operating budget hearings with Departments and Agencies conducted by the ABC
- ABC review of operating requests

APRIL 2008 - Recommended budget revisions summarized by the

Administrative Budget Committee

- Recommended revisions reviewed with the ABC
- Recommended revision reviewed with the Mayor
- Budget adjustment worksheets distributed to the Departments and Agencies
- Worksheets returned and summarized by Budget Officer
- Recommendation for proposed budget reviewed by the Mayor for final approval

PHASE III - FINAL BUDGET PREPARATION

- Proposed budget document reviewed, prepared and submitted to printer

MAY 2008

- Proposed budget document returned from printer and distributed
- Proposed budget presented to Council by the Mayor along with Budget Message
- Budget ordinance and related ordinances and resolutions submitted to Council for approval
- Public Notice on proposed budget published in local newspaper
- Budget Officer reviews proposed budget with Council Appropriations Committee
- Appropriations Committee conducts council budget hearings with Department and Agency Heads

JUNE 2008

- Appropriations Committee budget hearings continue
- Appropriations Committee conducts final budget review and public hearing on budget proposal
- Amended budget presented to full Council for approval at regular Council meeting

JULY 2008

- New fiscal year begins
- Approved budget prepared for final printing

BUDGET GUIDE

A. REVIEWER'S GUIDE

The reviewer's guide is provided to summarize the information contained in each section and instruct the reader where to look for particular information in which he or she may be interested.

The 2008 Annual Budget contains the complete operating and capital budgets for the City of Macon. It is divided into ten sections whose contents are explained below.

SECTION I - INTRODUCTION

The Mayor's Budget Message is contained in this section. Important information about the state of the city and the strategies used in formulating the budget are found here.

SECTION II - GENERAL INFORMATION

Vital information about the City itself can be found in this section. The City's location and a brief history provide interesting information to the reader. The City's management structure and basic information about the City's financial operation is provided. In addition, information to assist the reader in reviewing this document is also included.

SECTION III - BUDGET POLICIES & STRATEGIES

Highlighted information about Macon's Annual Budget is presented in the Budget Overview and Key Budgetary Initiatives. Detailed information on how the budget was formulated including a complete calendar of the budget process can also be found here.

SECTION IV - SUMMARIES AND GRAPHS

Schedules summarizing the entire City's budgeted revenues and expenditures are included in this section. Individuals who want only the "bottom line" figures of the City's budget should look here. Also the Statement of Financial Condition is included in this section. The accompanying schedule has been expanded to include all budgeted funds. Graphs of revenues and expenditures offer important information regarding "Where our money comes from" and "Where our money goes".

SECTION V - PERSONNEL DATA, CAPITAL OUTLAY, MACH. & EQUIP.

This section provides information pertinent to the City's personnel and its impact on the budget. It also contains schedules of the approved personnel and the adjustments made to personnel for the fiscal year. Approved machinery & equipment purchases

are listed in this section, as well as the major capital purchases for vehicles, equipment and building improvements.

SECTION VI - APPROPRIATIONS ORDINANCE

The adopted Budget Ordinance is contained in this section. The ordinance is divided by funds in which the revenues and expenditures are appropriated (by line items). This is the only section in which all revenues and expenditures for each budgeted fund are given. Funds are presented as follows:

- General Fund
- Capital Improvements Fund
- Enterprise Funds (Bowden Golf Course, Centreplex, Solid Waste Management, and Airport)
- Internal Service Fund (Vehicle Maintenance, and Group Insurance)
- ♦ Debt Service
- SPLOST (including Capital Leases)
- ◆ Special Revenue Funds (State Capital Improvement Fund, Hotel Motel Tax Fund, Law Enforcement Confiscation Fund, Law Enforcement Grant Fund, E − 911 Fund, Terminal Station Fund, and Workforce Development Fund)
- Capital Projects Funds (1976 Street & Traffic Improvement Fund, Parks and Recreation Grants Fund, and Green space Grants Fund.)

SECTION VII - DEPARTMENTAL OPERATING BUDGETS

A brief description of each department, a summary of its proposed and approved budget and its overall goal is initially presented.

Each department planned objectives and performance measures are also outlined. This information is resourceful in defining what a department or division plans to accomplish during the upcoming fiscal period. Questions about a particular department's operation and/or function should be directed here.

SECTION VIII - CITY FUNDED AGENCIES

The City of Macon appropriates funds to sixteen (16) different outside agencies and six (6) other programs. A brief summary of the approved FY 2008 budgets (including the City's appropriation) for each entity is included in this section. See Budget Policies and notes to the General Fund in the Appropriations Ordinance for additional information.

SECTION IX - OTHER FUNDS

Detailed information of the City Debt Service, SPLOST (including Contractual Debt accounted in the General Fund) and Special Revenue Funds may be obtained from this section. Debt schedules outlining the City's long-term obligations are also provided. Reference the Financial Condition section for additional information.

SECTION X - INDEX

GENERAL INFORMATION HISTORY

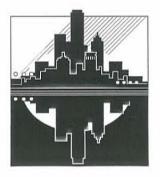

Macon is located in the middle of the state of Georgia's Fall Line, where Paleozoic Sea waters lapped the shoreline here millions of years ago. As early as 8,000 b.c. the Indians settled here and began building their homes on the banks of the fertile Ocmulgee River.

In the early 1800s, as trade bustled on the river and later on the railroads, Macon became known as the "Queen Inland City of the South." Macon was incorporated in 1823, just one year after the creation of Bibb County by the Georgia legislature.

Macon is the county seat of Bibb County and ranks 6th in population of Georgia cities with 89289 in 2007. Macon is located 84 miles south of Atlanta, 127 miles west of Augusta, 174 miles northwest of Savannah, and 95 miles east of Columbus. The city is served by Interstates 75, 16 and 475, four U.S. highways and eight state highways.

The city of Macon covers 50 square miles of metropolitan Bibb County, which has 277 square miles. Macon's climate is generally mild year round, with mean temperatures of 49.1 and 93.5 degrees F, for January and July, respectively.

ECONOMIC CONDITION

Macon represents the major metropolitan statistical area* (MSA) in the Middle Georgia region which ranks fifth in the state. Macon's economy has been relatively steady.

The per capita personal income in the MSA falls a little below the state average of \$29,782, even though it saw a growth of 4.7%. It hovers between \$27,170 and \$28,442. (Economic Yearbook for Georgia's MSAs 2007)

The median age of Macon's population is 33.4, and the average household includes 2.46 persons.

The City of Macon is negotiating the construction of a new hotel adjacent to the renovated and expanded Macon Coliseum, now known as the Macon Centreplex, comprised of the Coliseum, Convention Center/Exhibit Hall, and Auditorium. The renovations and expansions have brought in many new attractions and new conventions.

The Georgia Music Hall of Fame, which opened in September 1996, and the Georgia Sports Hall of Fame, which opened in April 1999, along with the adjacent Downtown Plaza, and renovated DouglassTheatre, has spurred development of new businesses and restaurants in the downtown area. New Town Macon has been formed to focus on a major development of the downtown area and its surrounding neighborhoods. This has resulted in major initiatives in securing Federal and State grant funding to leverage private development. A Business Improvement District (BID) is being established.

The City of Macon repurchased the Terminal Station in August 2002. The Terminal Station is located less than one block from both the music and sports halls of fame. Presently it is being rented as office space to several entities. Plans are underway to remodel areas to serve as the Driver's License Bureau and the bus transportation hub for the City. Long-range plans are to accommodate rail transportation from Atlanta to Savannah.

* The Macon (MSA) includes Bibb, Jones, Twiggs, Peach and Houston counties and the encompassed cities.

EDUCATION

Public school enrollment for Bibb County was approximately 25,400 as of the beginning of the 2008 school year. The public school system is comprised of 27 elementary schools (grades K-6), 11 middle schools (7-8), 6 high schools (9-12) and 4 other public school facilities. Over 6,000 students attend the 20 private and parochial schools. Macon has one vocational/technical school, the Central Georgia Tech, which has an annual enrollment of approximately 2400 full-time students.

In addition, Macon has two (2) colleges and one (1) university. These are Macon State College, Wesleyan College and Mercer University. Macon State College opened in 1968 as part of the University System of Georgia, and now offers four (4) year degree programs. Its current enrollment is approximately 6,150 students attending classes at the main campus and several off campus locations. Wesleyan College, which was founded in 1836, opened as the world's first college chartered for

women. Annual enrollment is approximately around 650. Mercer University promotes a beautiful campus offering a College of Liberal Arts, the prestigious Walter F. George Law School, and the Schools of Business and Economics, Medicine and Engineering (annual enrollment is approximately 7,188 full-time students).

PUBLIC SAFETY

Police Department: Macon's nationally accredited Police Department is well equipped and highly qualified in modern law enforcement. There are 305 sworn officers in the department.

Fire Department: Macon's Fire Department serves the city and county with 19 modern fire stations using several different rescue and fire-fighting vehicles. The department employs 386 sworn firemen, boasting a Class 1 fire insurance rating within the city and a Class 3 in the county.

The City of Macon is one of few cities in the nation with a Class 1 Fire Department and an accredited Police Department.

TRANSPORTATION AIR SERVICE

The city has two public airport facilities. The Middle Ga. Regional Airport, (Lewis B. Wilson Airport) provides commercial service to and from Macon through Atlanta Hartfield Airport. The Downtown Airport (Herbert Smart) provides air facilities for private users.

BUS SERVICE

The city and county jointly funds the Macon-Bibb County Transit system which provides public bus transportation service and transportation system for handicapped citizens.

ARTS & RECREATION ARTS

Macon offers cultural enrichment to its citizens through its support of two museums and the Macon Arts Alliance,

which promotes the arts through a regranting of city funds. The Museum of Arts and Sciences offers permanent and traveling exhibits, and a planetarium. The Harriet Tubman Museum is the largest African-American museum in the state and offers numerous exhibits of black heritage and culture. The Harriet Tubman Museum is located on Cherry Street across from the GA Sports Hall of Fame.

The city has two state-operated museums. The Music Hall of Fame opened in the fall of 1996, and the Sports Hall of Fame opened in April 1999 is on a site directly across from the Music facility. The city also invested public and private funds to restore the Douglass Theatre, an African-American landmark that is providing state-of-

the-art theatrics and a variety of programs.

The Macon Coliseum/Centreplex is billed as the largest convention center outside the Metro Atlanta area. The facility provides entertainment seating over 9,200 patrons in its main arena and over 102,000 square feet of convention and meeting space. The city also operates the Auditorium and Convention Center, which provides a source of entertainment for smaller concerts and events.

RECREATION

The city's parks and recreation program operates 8 recreation facilities, 2 tennis centers, a senior citizens center and a public golf course. These facilities and other sites provide a variety of recreational activities including 36 public tennis courts, numerous pools, baseball and football fields, basketball courts and bike trails.

BASEBALL TEAM

The South Coast League was established in 2005 and awarded a baseball team, "Macon Music," to Macon in 2006. The team held its first game on September 17, 2006 at Luther Williams Field. Macon Music had a successful season with good attendance, made the playoffs, and a second place finish for the first year! It was an outstanding year. The team was well supported and the fans are looking forward to an even better season next year.

The City continues to strive to locate and bring other events to the area.

Eight Largest Employers.

Set forth below are the eight largest employers located in the City as of June 30, 2007, their approximate number of employees and percentages of employees per major employer. There can be no assurance that any employer listed below will continue to be located in

the City or will continue employment at the level stated. No independent investigation has been made of, and no representation can be made as to, the stability or financial condition of the companies listed below.

III. BUDGET POLICIES & STRATEGIES

BUDGET POLICIES & STRATEGIES

THIS SECTION CONTAINS:

- ⇒ BUDGET POLICIES
- ⇒ ACKNOWLEDGMENTS

BUDGETARY POLICIES

The budgetary process incorporates many policies in order to assure that the budget is a management plan of action for the fiscal year. The following is a summary of the City's more significant policies applied in the preparation of the annual budget.

A. Working Capital.

The City of Macon had established a designation of unreserved fund balance of thirty days of the annual budget as working capital. These designated funds are not to be used, except in the most dire and extreme emergencies.

B. Debt Service

The City of Macon utilizes two (2) funding sources for repayment of debt for bond issues. **Revenue bonds** - which are issued by Authorities such as the Industrial Authority (created by the government). By virtue of going through an authority the bonds are considered to be an indirect debt of the City and constitute a contractual debt with the authority. The bonds are backed by the full faith and credit of the City and are paid by General Fund revenue sources.

The City's <u>General Obligation (GO) Bonds</u> are serviced by restricted components of the general property tax collected, as is provided by state law. In FY 2006 a Special Purpose Local Option Sales Tax was passed to allow for the payment of the GO Bonds from its proceeds. Final payment on the GO bonds was made in July 2006.

C. Capital Improvement vs. Capital Outlay

The City of Macon capital budget includes equipment, land and construction projects costing \$15,000 or more. In addition all vehicle purchases are categorized as capital expenditures. The budget for a capital item remains in effect until the end of the fiscal year.

Capital Outlay defines other machinery and equipment items costing less than \$15,000 which are provided for within the department operating budgets. Items costing over \$5,000 and/or with a life expectancy of three or more years are included in the fixed asset inventory.

D. Five Year Capital Improvements program

Each department is normally required to develop and annually update a comprehensive Capital Improvements Plan.

The plan provides a five-year expenditure analysis of a department's need for improvements to land and buildings and for the purchase of major machinery and equipment. This allows the City to plan ahead for expenditures that will have a major budgetary impact. While resource limitations will prevent total funding, program preparation serves to focus on emerging needs and helps establish priorities.

E. Tax Millage

As a part of the normal budget process, the governing authority adopts a millage rate to provide property tax revenue for general operations of the government, and to pay debt service on general obligation bonds. State law requires the tax digest to be certified by the Tax Commissioner after the millage is adopted. The city and county digest normally is not finalized until July.

Revenue generated by the millage is accounted for in the General fund. No millage is set for bond revenues, since a Special Purpose Local Option Sales Tax was passed to pay the principal and interest on the City's outstanding General Obligation and Coliseum Authority bonds.

F. Funded Agencies

The City of Macon provides financial assistance to a number of outside agencies. It is the City's responsibility to ensure that all City funds provided to these agencies are expended prudently and accounted for fully. All agencies are required to obtain an annual audit performed by an independent auditor. In addition, agencies which are categorized as "nongovernmental" organizations are required to enter into a contractual agreement with the City in order to receive public funds. The agreement outlines how funds will be disbursed and expended.

G. Joint Funding of Agencies by City and County

Another provision governing the funding of outside agencies is the joint participation of the city and county. Most commonly, the city and county provide matching funds because the services provided by the agency are beneficial county-wide. The formula takes into account the economic and financial impact of the service and the portion of the population which would benefit from it. For instance, the Transit Authority is jointly funded on an 60:40 basis by the city and county respectively. The reason for this is that when this agreement originated the population of the city was approximately 60% of the county and the majority of the Transit Authority's routes service the city area. Please reference the Funded Agency section of this document for more detailed information.

In addition, the city stipulates that all appropriations to agencies which are jointly funded be contingent upon the county providing its share of funding for the budget year. This is incorporated in the official budget ordinance as notes to the applicable fund.

H. Countywide (City) Departments

In addition to the joint funding of various agencies, the City has several departments which operate on a county-wide basis under the administration of the City. These departments provide services county-wide but operate as City of Macon departments. Some are funded jointly by the city and county through reimbursement of cost by the county and some are funded solely from City revenues. This arrangement was established as a result of a double taxation study which was performed in 1980. The City and County are currently reviewing that agreement to determine if the current terms are still appropriate. The following are departments and/or functions which provide services county-wide:

Department/Function	Funding
Inspections & Fees	City funded
Parks & Recreation	City funded
Traffic Engineering	Reimbursed on 50:50 basis
Emergency Management	Partial County & State funding
E911 Communications	County-wide fees
Fire	Reimbursed based on actual costs
Signals & Signs	Reimbursed based on actual costs

I. Balancing the Budget

Balancing expenditures and revenues is the fundamental imperative for government entities. If projected revenues do not cover the planned expenditures, then difference has to be resolved by cutting spending, raising revenues, or engage in a combination of the two. This assumes, of course, that the budget has to balance upon submission to the legislative body, with reasonable estimates.

J. Budgeting for Proprietary Funds

- Enterprise Funds are expected to approximately break even except for the noncash expense of depreciation.
- b. Internal Service Fund is expected to break even, inclusive of depreciation.

K. Hotel/Motel Tax Distribution

The City has one Special Revenue Fund to account for revenue generated by the levy of a **6.0%** Hotel/Motel Tax. The tax is collected from lodging facilities located within the city limits by the City Finance Office. Beginning in July 2006 the distribution as follows:

53% Macon Centreplex \$385,045

40% Convention/Visitors Bureau \$290,600

7% Cherry Blossom Festival \$50,855

L. Solid Waste Management

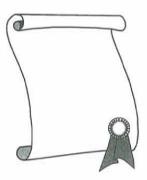

Solid Waste Management continues to be one of the City's most pressing issues. A \$15 waste management fee is charged per month per household and is used to support the collection and disposal of residential waste.

The tipping fee is set by ordinance. The fee is charged to private haulers for the use of the City's landfill. Most of the fee provides funds to support the cost of operating the landfill. Revenues generated should cover about 42% of the total operating costs. There is an additional surcharge of sixty-five cents per ton, which is remitted to the State Superfund.

M. Local Government GMA/ Capital Lease Purchase Program

The City of Macon had incorporated the use of a pooled leasing program sponsored by the Georgia Municipal Association (GMA) as an alternative financing method for major machinery & equipment purchases. The city was approved participation in the original 1990 lease program during FY 1991. The original program allowed the city to make lease payments on equipment while gaining arbitrage earnings on funds being held in reserve. The Georgia Local Government Lease/Purchase Program has the sponsorship of the Georgia Municipal Association, and the Association of County Commission of Georgia. The City appropriates the annual payment for each project.

As of July 1998, the City of Macon is also a participant in the "Georgia Local Government Lease/Purchase Program, which is an expanded alternative to the GMA 1990 program.

Acknowledgments

The annual city budget is the collection of the City's financial plans. It lists anticipated revenues and expenditures in the coming fiscal year. A cost-effective budget establishes a compelling relationship between what departments plan on doing and what they plan on spending. Departmental budget requests are justified only to the extent that they finance value-adding operational activities and capital improvement projects for quality municipal services.

The preparation of the annual budget requires the cooperation of the City Administration, the City Council, departments of the City, and various local authorities. This budget document is the result of the combined efforts of:

- Mayor Robert A.B. Reichert
- City Council Appropriations Committee Mike Cranford, Chair, Tom Ellington, Vice Chair, Virgil Watkins Jr, Elaine Lucas and Nancy White
- Miriam Paris City Council President and all of City Council
- Administrative Budget Committee Mike Anthony, Interim Chief Administrative Officer, Moffet Keith, Director of Internal Affairs, Narender Bhardwaj, Budget/ Finance Manager, Ariel Neely, Accounting Trainee, Ben Hubbard, Director of Human Resources, Harold Gaines, Employment Manager
- Department Heads and their staff members tasked with preparing the departmental budgets.
- Special thanks to all City employees who contributed their expertise to this project.

IV. SUMMARIES & GRAPHS

SUMMARIES & GRAPHS

THIS SECTION CONTAINS SUMMARY INFORMATION FOR APPROPRIATIONS APPROVED IN THE FISCAL YEAR 2008 BUDGET:

I. REVENUE

A. Summary of General Fund Revenues

II. EXPENDITURES

A. Summary of Operating Expenditures for General, Enterprise, and Internal Service Funds

III. ALL FUNDS

- A. Summary of ALL Budgeted Funds
- B. Graph of Funds by Type

IV. FISCAL CONDITION

- A. Summary of Financial Condition
- B. Graph of Projected Fund Balance

Line item budgets for each fund given in Ordinance section

REVENUE CATEGORIES

GENERAL PROPERTY TAXES

This category includes **Real** and **Personal Property Taxes**, Public Utility Taxes, Motor Vehicle and Mobile Home Taxes, and Intangible Taxes. All taxes are calculated with at least 95% collection rate.

Receipts from Penalties and Interest on Delinquent Taxes are also included. Revenue projections are based on historical trends.

SALES TAXES

The **Local Option Sales Tax** is the City's single largest revenue source and is collected as **1.0%** of the state Sales and Use Tax. The city shares Sales Tax revenue with the county on a **60:40** basis of countywide collections. Beginning in October of 2005 the Special Purpose Local Option Sales Tax of an additional 1.0% was accessed to be used for certain debt of the City and the County. The County distributes 33% of the proceeds to the City for payment of the Coliseum and General Obligation bond debts and the 1990 and 1998 GMA Leasepools and Stormwater Drainage Improvements.

OTHER TAXES

This category includes Beer, Liquor and Wine Taxes. These taxes are collected as a percentage of sales and projected based on historical trends.

GROSS RECEIPTS

Franchise Fees, Cable TV Taxes, and Insurance Premium Tax are included under this section. All of these are calculated as a percentage of gross receipts, which enables this revenue to keep up with inflation. These revenues are projected based on historical trends in conjunction with current economic indicators.

LICENSES & PERMITS

This revenue is derived from Business Licenses, Building Inspection Permits and various trade license fees. The fees charged are set by ordinance and are periodically reviewed by the respective Code Committees.

INTERGOVERNMENTAL REVENUE

This category consists of revenue from Federal, State and Local government, other agency reimbursements, grants, entitlements, shared revenue, payments in lieu of taxes or funding of local or state-wide programs. A major portion is collected from Bibb County for reimbursement of services provided countywide by the city.

GENERAL GOVERNMENT

Tower leases and operation agreements for the Airport and Senior Center, and revenue from other general activities that the city conducts are in this category.

HIGHWAYS AND STREETS

This category includes revenue generated from the repairs and maintenance of streets and state right-of-ways, and the use of city right-of-ways.

CHARGES FOR SERVICES

This category consists of fees for current city services such as Recreation and Animal Control, etc. These fees are set by guidelines, which are reviewed by the administration and approved by Council.

FINES AND FORFEITURES

This revenue source consists of fines imposed by the Municipal Court including traffic citations, parking violations, etc. and forfeits from confiscated deposits.

SALES & REFUND

Receipts from the sale of city property (real estate, vehicles, equipment, etc.) and refunds for workers' compensation claims are recorded in this section.

MISCELLANEOUS

This category consists of revenue generated from interest earnings, rents, royalties and transfers from other funding sources.

FY 2009 BUDGET

The City of Macon fiscal year 2009 budget was developed with the concept of *keeping a tight budget, while* delivering necessary and existing services, and meeting all legally and administratively required obligations.

The Administrative Budget Committee chaired by the Chief Administrative Officer, and comprised of the Director of Internal Affairs, the Director of Finance, Director of Human Resources, and the Budget Officer had oversight of the preparation of the Mayor's proposed budget to City Council. The Mayor presented this budget on May 13, 2008. At that time, all City Council members received the proposed budget. The City Council Appropriations Committee subsequently scheduled budget hearings for all departments and agencies and after these were held, implemented desired changes to the Mayor's proposed budget. All City Council members were invited to these meetings, and many non-committee members attended. The full City Council then held a public hearing. The budget was approved by City Council at a special meeting on Wednesday evening, July 2nd. The Mayor then signed the budget ordinance into law on July 3rd, 2008.

This financial summary will be by fund type and fund, and will be highlighted by the accompanying graphics.

GOVERNMENT FUNDS

General Fund

Total General Fund expenditures were budgeted at \$70.4 million, which is almost the same when compare to the FY 2008 General Fund budget. The General Fund is 56.4% of the total FY 2009 budget. Transfers from the General Fund to the Centreplex, Bowden Golf Course, and Capital Improvement Funds were budgeted. All General Fund revenues, expenditures, and other financing sources are covered on the accompanying graphs and supporting financial fund analysis. Specific parts of the budget are addressed below.

Property Tax Revenue

Property tax is the second largest revenue source for the General Fund, providing about 27.1% of the total revenues. This category of revenue is calculated at a 95% collection rate. Effective July 1, 2005 the millage rate for the city decreased from 10.66 to 10.16. This represents the elimination of .5 mills for bond tax. This decrease was taken because the passage of the SPLOST allowed for the payment of debt without using property taxes.

Sales Tax Revenue

General-purpose local option sales tax is the largest revenue source for the General Fund. The City of Macon receives sixty per cent of (county-wide) collections. Sales tax revenue provides about 28.1% of all General Fund revenues.

Other Taxes

This category of business taxes provides the third largest revenue source for the General Fund, providing about 19.67% of the total revenues. The taxes collected in this category are franchise fees from the Georgia Power Company, BellSouth, Georgia Natural Gas Company, Cox Cable, the insurance premium tax, and alcohol taxes, plus a small amount from telephones on City of Macon property. These budgeted revenues total \$14.6 million, which is a 5.4% increase from FY 2008.

Other Revenues

Other Revenues include Intergovernmental, Licenses and Fees, General City Government, Highways and Streets, Charges for Services, Fines and Forfeitures, Animal Control Charges, Parking Garage Revenues, Sales and Refunds, Interest Income on deposited funds, tenant payments from City-owned real estate, a wrecker contract, indirect charges, paving assessments, and any non-recurring revenue.

Other Intergovernmental Revenues are expected to increase by \$246 thousand primarily due to amounts to be reimbursed by the Bibb County government for fire services in unincorporated Bibb County. The \$8 million budget total for FY 2009 also includes \$896 thousand lease revenue from the Secretary of State Building, which is a pass-through.

Fines and Forfeitures Revenues are expected to increase \$101 thousand from FY 2008 to FY 2009.

The FY 2009 budgeted revenues for Highways and Streets are anticipated to decrease by \$60 thousand in comparison to the FY 2008 budget. It also includes

street repair permits that are required and a \$4.50 per linear foot per year fee charged to users of the City's right of way.

Budgeted interest income has increased from the FY 2008-budgeted level by \$75 thousand. A strong emphasis is placed on maximizing every dollar deposited for earning interest income. The continued use of an implemented purchasing card system for procurement of items less than \$500 had a major impact in having funds on deposit longer, thus allowing interest income to be earned. Increased use of lease pools also makes more money available for investment. Strong monitoring efforts of funds on deposit allowed these funds to be placed where the maximum investment impact could be felt, given the limitations placed on City of Macon, thus taxpayers, funds.

In addition to Investment Interest, Miscellaneous Revenues come primarily from leased space in a City-owned 11-floor building in downtown Macon. It is budgeted at \$150 thousand. Also included is a wrecker service contract, which will bring \$120 thousand in revenues and TSA reimbursement for police officers at the airport in the amount of \$28 thousand.

General Government Expenditures

Expenditures accounted for as general government includes the Mayor's Office, City Council, Inspections and Fees, Finance, City Attorney, City Clerk/ Customer Service, and the Human Resources Department. These account for 9.74% of the total General Fund budget. FY 2009 budgeted funds for this group show a 1.8% increase over FY 2008 costs.

Public Safety Expenditures

Public Safety consists of Police, Fire, Animal Control, Municipal Court and Emergency Management, and is related to the costs of delivering services. These operational expenditures use 52.76% of the General Fund costs. The FY 2009 budget is \$37.15 million. This is a increase 1% over the FY 2008 budgeted costs. This percentage excludes funds budgeted for capital improvements purposes. The Police Department has oversight over the county-wide Enhanced 911 service, which is accounted for as special revenues fund.

Parks and Recreation Expenditures (county-wide)

Parks and Recreation is a county-wide function through an intergovernmental agreement. These operational expenditures, which exclude funds, budgeted for capital improvements, use 7.67% of total General Fund costs. Funding for parks and recreation operations decreased by \$148 thousand since last year. A stronger emphasis continues on providing recreational services to all ages, and is a part of the Mayor's strategic focus of his administration.

Public Works Expenditures

Street Maintenance, Street Cleaning, Storm Drainage, and Administration of the department are budgeted in the General Fund, and comprise 4.6% of total

General Fund costs. The Solid Waste Management function, which consists of waste collection, the Landfill, and recycling, are accounted for in an enterprise fund. The Public Works function budget for FY 2009 is \$3.24 million. This is a decrease \$319 thousand over the FY 2008 budgeted costs.

Central Services

The Central Services budget covers a variety of functions. These include Signs, Signals, Custodial, Electrical, Heating and Air, Plumbing, General Maintenance, and city-wide utility costs. The FY 2009 budget for these functions is outlined in the budget ordinance, and totals \$2.98 million. This is an increase of \$12 thousand over FY 2008 budgeted costs.

Other Financing Sources

Transfers from and to Other Funds are accounted for within this category. The net transfers are \$4.2 million – 6% of the General Fund budget.

Future Outlook

The General Fund continues to perform well. What has hampered General Fund performance for many years is the necessity to subsidize the operating deficits of some proprietary funds.

General Fund revenue is very dependent on a healthy economy. Property taxes comprise about 27.4%. Of total revenue, Local Option Sales Tax comprises about 28.1% and other taxes based on gross receipts comprise another 18.6% of revenue. Only 215.9% of total General Fund revenue comes from other sources. If the economy slowdown continues, or goes into a recession, revenues will likely further decrease, and that could impact having to use unreserved/ undesignated fund balance. A positive solution is the implementation of some revenue enhancements that virtually every municipal and consolidated government in the State of Georgia currently have.

The major General Fund cost is personnel, which exceeds 67% of all costs. Another concern is adequate funding to replace vehicles and aging infrastructure.

Innovative funding solutions, such as the Local Government Lease Pool program and 3-year operating leases for equipment with potentially high maintenance costs are in use now.

SPLOST Fund

The SPLOST is a 1% special purpose local option sales tax, which was approved by the voters in June 2005 for the purpose of the retirement of debt. The expiration date for this tax is March 2009. This fund handles general obligation bond debt, Coliseum Authority Revenue bonds, and capital lease payments for equipment purchased through the Local Government Lease Pool. These capital equipment items are budgeted in the Capital Improvements Fund, then are reimbursed by the Local Government Lease Pool, and are paid as capital leases through the SPLOST Fund. The fund is in sound financial condition, as evidenced by the accompanying financial comparison.

The City of Macon has had tremendous success in using the Georgia Municipal Association Pooled Lease Program, and its successor, the Local Government Pooled Lease Program. By using these low cost-financing options, the City of Macon has been able to improve its cash flow and enhance investment earnings. The FY 2009 Capital Improvements budget has not been scheduled for financing through the Local Government Lease Pool.

Capital Improvements Fund

A five-year Capital Improvement plan has been prepared for the City of Macon. In FY 2009 Capital Improvement is budgeted for \$1.48 million, \$973 thousand will be funded from the Local Government Lease Pool and other \$495 thousand from General Fund, and Cox Communications- Others. All the capital items approved for Enterprise Fund and General Fund will be purchased from this fund.

Fund Balance (General Fund)

The City of Macon has a policy requiring a reserve of 30 days working capital. Thirty days working capital is equivalent to 1 month of the General Fund budget. Working Capital at the end of FY 2008 is \$5.8 million. An estimated cost for payment of settlement of claims was factored in the budget.

PROPRIETARY FUNDS

Enterprise Funds

Bowden Golf Course

Revenues are projected at \$510 thousand in fiscal year 2009. Operations are under the Parks and Recreation Department. Expenditures were budgeted at \$729 thousand including depreciation of \$78 thousand for the year. It is expected that there will be a short fall in the operating expenditure of about \$140 thousand. This short of \$140 thousand will be met through a transfer from General Fund. In the year 2008 this shortfall was \$148 thousand.

Please reference the accompanying financial graph and comparison.

Macon Centreplex (Coliseum Fund)

The Macon Coliseum was renovated and expanded over a period from 1994 through 1997 with two separate bond issues that totaled \$21 million. The expansion resulted in a conference center and exhibit hall, while the renovation brought the 31-year-old Coliseum up to date. The 20-year bond debt service is funded and paid from the SPLOST.

Revenues are projected to \$3.2 million in fiscal year 2009. Expenditures were budgeted at \$4.3 million including depreciation of \$170 thousand for the year. It is expected that there will be a shortfall in the operating expenditure of about \$979 thousand. This short fall of \$979 thousand will be met through a transfer from General Fund.

Please reference the accompanying financial graph and spreadsheet comparison.

Solid Waste Management

This fund accounts for waste collection, waste recycling, and waste disposal. The residential waste collection fee is \$15 per month per household. Only about 30% of Macon residents recycle through the City's recycling program, which extends the life of the landfill. The recycling program has been included in landfill operations. There are several private landfills in this, as well as landfills in adjacent counties that provide competition with the City's landfill.

Enhanced 911(countywide)

This service is under the supervision of the Chief of Police. The current fee is a \$1.50 a month per landline telephone subscriber went into effect on January 1, 1998. E-911 is a countywide function under the City.

A \$1.50 per month fee per cellular telephone has been approved and is now in effect. The fee will allow the installation of equipment so the location of a cellular telephone call into the E-911 Center may be determined.

Please reference the accompanying financial graph and spreadsheet comparisons.

Airport Fund

The Airport fund is accounted for as an enterprise fund. FY 2009 expenditures are projected to be \$2.35 million including depreciation. FY 2009 revenues are projected to be \$1.8 million. The budgeted short fall of \$247 thousand will be met through a transfer from Fund Balance.

Internal Service Fund

Vehicle Maintenance

The Vehicle Maintenance Fund handles the repair of all city vehicles. This fund over the past several years has operated in a deficit. Hourly repair rates to city departments were revised from \$20 to \$40 per hour for light equipment, and \$40 to \$70 per hour for heavy equipment in FY 2008. In FY 2009, this fund is expected to show surplus of 78 thousand.

Please reference the accompanying financial spreadsheet.

Special Revenue Fund

Hotel-Motel Tax Fund

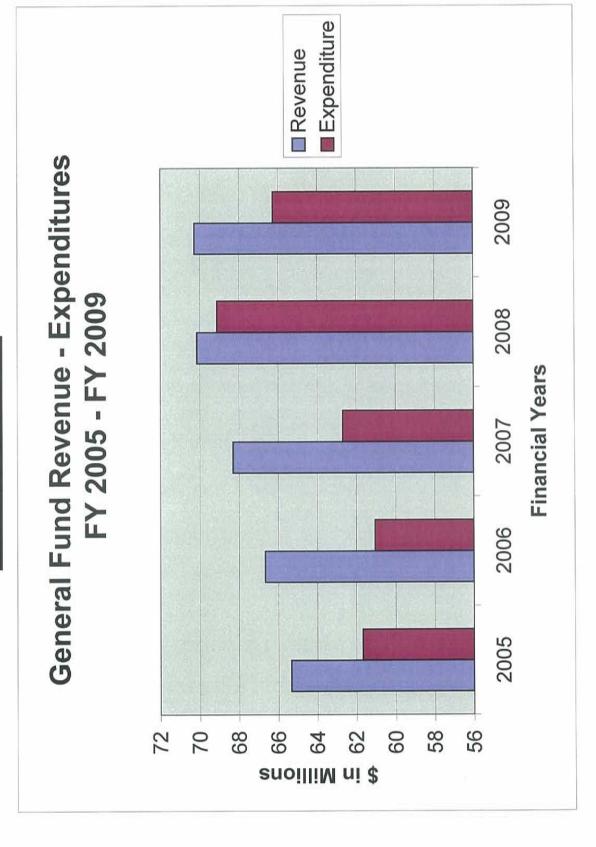

The Hotel-Motel Tax is at 6%. The projection for FY 2009 of \$726 thousand anticipates some rebound in business and collections. These funds are distributed as follows:

53% Macon Centreplex 40% Convention/ Visitors Bureau 7% Cherry Blossom Festival

Please reference the accompanying financial graph and spreadsheet comparison

V. PERSONNEL DATA CAPITAL OUTLAY MACH. & EQUIP.

PERSONNEL DATA

THIS SECTION CONTAINS:

- An outline of the City's personnel policies on Salaries and Benefits offered to its employees
- A schedule and spreadsheet of the total number of authorized positions by department

FY 2009 PERSONNEL ADMINISTRATION

The goal of all City of Macon employees is provide an array of municipal services for local citizens in an efficient and prompt manner. The fiscal year 2009 workforce consists of 1,380 budgeted full-time positions and 235 part-time positions. These employees serve as our law enforcement officers, firefighters, sanitation collectors, emergency operation dispatchers, traffic signal technicians, and recreational program leaders, as well as in many other areas critical to the operation of our government.

Without a well-trained and productive workforce, the City cannot achieve its service goals to the citizenry of Macon. At the foundation of a well-trained and productive workforce, is the ability to provide a salary structure and benefit package which ensures we can recruit and retain employees of the highest caliber.

Funds budgeted for employee salaries and benefits accounts is calculated approximately 56% of the FY 2009 total budget (all funds). The City of Macon provides a comprehensive benefit package for its employees that includes:

- Major Medical Health Insurance (HMO or Optional POS)
- Prescription Drug Program
- Life Insurance
- Social Security
- · Retirement Pension Plan
- Optional legal, Dental, Cancer, and disability insurance
- Two Deferred Compensation Plans
- Paid Leave: Vacation, Funeral, Military, and Administrative leave programs

The Mayor, City Council, and the Department of Human Resources are committed to hiring qualified workers and providing a comprehensive salary structure and benefit package.

SALARIES

Employee salary and benefits encompass approximately 69% of the total budget for fiscal year 2009. In addition to the regular salary accounts, the city budgets for overtime pay. Paid time off for holidays, vacation, accrued sick leave and administrative leave are included as part of the regular salary account.

The Human Resources Department has implemented a Performance and Evaluation system that will promote communication between supervisors and employees who report to them.

EMPLOYEE BENEFITS

MAJOR MEDICAL HEALTH INSURANCE

The City budgeted \$6,282 annually to pay health insurance premiums for each full-time and selected part-time employee. City employees have a choice of participating in either a Point of Service (POS) plan or in a Health Maintenance Organization (HMO) Plan.

Employees also receive a drug prescription card that enables them to obtain prescription medication with a minimal co-payment. The City's health plans also provide limited coverage for vision, hearing, alcohol, drug, and mental health treatment.

LIFE INSURANCE

The City provides all insured employees with life insurance and accidental death/dismemberment (AD&D) insurance. An employee has 1 and ½ times their annual salary in life insurance benefits. In addition, the City provides each of its retirees with a \$5,000 life insurance policy.

SOCIAL SECURITY (FICA)

All general employees are covered under Social Security. The City budgets 7.65% of each general employee earnings for mandated social security benefits. The Medicare portion of social security must also be budgeted for any sworn Police and Fire hired after April of 1986. The Medicare portion is mandated by Federal law at 1.45% of earnings.

RETIREMENT AND PENSION PLAN

All full-time employees are eligible to participate in a retirement and pension plan. Contributions to the plan are paid entirely by the City and are based on a percentage of salary. The retirement plan offers early, normal and disability retirement options. Survivor benefits are also provided.

EMPLOYEE ASSISTANCE PROGRAM

The City has an Employee Assistance Program for its employees and their families. The program provides free counseling services for employees who are experiencing legal, emotional financial or other problems which may affect their job performance. The City budgets approximately \$27,000 a year for the cost of this program.

DEFERRED COMPENSATION PLANS

The City provides employees with the opportunity to participate in one of two deferred compensation plans administered by (1) Nationwide Investment Services Corporation or (2) Aetna Financial Services. The plans allow an employee to make optional tax deferred contributions into a retirement savings account. Currently, over 50% of City employees take advantage of these plans.

CAFETERIA PLAN

The City's Section 125 cafeteria plan has been available since January of 1993. This plan allows a pre-tax deferral of premiums for dependent health insurance. Employees may also elect coverage under the optional legal, dental, disability and cancer plans.

AUTHORIZED STRENGTH

The FY 2009 budget reflects a decrease of 13 position over the last fiscal year and the total number of employees is lower than each of the preceding four years. The City continues to use personnel in efficient manner and the ratio of employees per population remains comparable to similar sized cities.

CAPITAL IMPROVEMENTS PROGRAM PROJECTS SUMMARY

AVIATION

Project: MAC Rwy 10/28 Pavement Rehab Estimated Costs: \$148,000

Project Description: Local Match for FAA Project

Project Justification: Rehabilitation is recommended before sub-base failure.

Project: MCN Signage & 13/11 Lighting Replacement Estimated Costs: \$ 12,000

Project Description: Local Match for FAA Project

Project Justification: Upgrade will improve safety and reliability.

Project: Runway Closure Markers (2) Estimated Costs: \$ 1,000

Project Description: Local Match for FAA Project

Project Justification: To prevent aircraft from landing on closed runways.

Project: MCN Rwy 5/23 Pavement Rehabilitation Estimated Costs: \$ 8,000

Project Description: Local Match for FAA Project

Project Justification: To rehabilitate pavement at primary runway.

TOTAL \$169,000

BOWDEN GOLF COURSE:

Project: Fairway Motor Estimated Costs: \$133,000

Project Description: To purchase various equipments

Project Justification: To replace worn out equipments to better maintain the Golf Course.

TOTAL \$133,000

CENTRAL SERVICES

Project: Vehicle Replacement (5 EA) Estimated Costs: \$81,400

Project Description: Vehicle Replacement

Project Justification: Vehicles have exceeded their economic life and will reduce the repair and

maintenance cost.

Project: Backflow Program Estimated Costs: \$ 20,000

Project Description: Backflow Program

Project Justification: In compliance with the EPD rules for safe drinking water.

TOTAL \$101,400

EMA

Project: Tornado Warning System Estimated Costs: \$18,000

Project Description: Tornado Warning System **Project Justification**: To replace older Sirens.

Project: Vehicle Replacement Estimated Costs: \$24,000

Project Description: Vehicle Replacement

Project Justification: Vehicle has exceeded its economic life and will reduce the repair and

maintenance cost.

TOTAL \$42,000

FIRE DEPARTMENT

Project: Water Rescue Boat Estimated Costs: \$ 20,400

Project Description: Water Rescue Boat

Project Justification: To replace 25 years old water craft used as a dive boat.

Project: Digital Mobile Radios (4) Estimated Costs: \$ 10,000

Project Description: Digital Mobile Radios

Project Justification: To replace old radios to match with 800 MHZ.

Project: Portable Radios (11) Estimated Costs: \$ 30,000

Project Description: Portable Radios

Project Justification: To replace old radios to match with 800 MHZ

Project: Breathing Apparatus (10) Estimated Costs: \$ 52,000

Project Description: Breathing Apparatus

Project Justification: To change over from old steel cylinders to carbon wrapped cylinders,

which are NFPA compliance.

Project: 42 Sets Of Turnout Gear Estimated Costs: \$ 62,400

Project Description: Turnout Gear

Project Justification: To replace old worn out firefighting protective gear that is greater than 5

years of age and has extensive wear.

TOTAL \$174,800

INSPECTION AND FEES

Project: Replace (1) 1997 Truck Estimated Costs: \$14,500

Project Description: Replace 1997 Truck.

Project Justification: Vehicle has exceeded its economic life and will reduce the repair and

maintenance cost.

TOTAL \$14,500

MIS-IT

Project: Computer Replacement Estimated Costs: \$100,000

Project Description: Replacement of old computers.

Project Justification: To replacement of City's existing computers that are aged beyond normal

usable life.

Project: Printer Replacement Estimated Costs: \$25,000

Project Description: Replacement of old printers.

Project Justification: To replacement of City's existing printers that are aged beyond normal

usable life.

Project: Server/Storage Array Replacement Estimated Costs: \$25,000

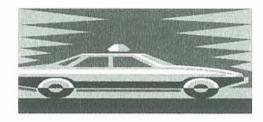

Project Description: Replacement of server and components

Project Justification: To replacement of City's existing servers that are aged beyond normal

usable life.

TOTAL \$ 150,000

POLICE DEPARTMENT

Project: Vehicles 9 patrol cars at 28,000 Estimated Costs: \$ 252,000

Project Description: To purchase patrol cars

Project Justification: Police vehicles are old and their maintenance cost is over \$1.6 million per year. To increase the efficiency and having a long term saving, these vehicles need replacement.

Project: Vehicles 2 midsize cars at 28,000 Estimated Costs: \$ 32,600

Project Description: To purchase midsize cars

Project Justification: Police vehicles are old and their maintenance cost is over \$1.6 million per year. To increase the efficiency and having a long term saving, these vehicles need replacement

Project: Vehicles 1 truck at 14,800 Estimated Costs: \$ 14,800

Project Description: To purchase truck

Project Justification: Police vehicles are old and their maintenance cost is over \$1.6 million per year. To increase the efficiency and having a long term saving, these vehicles need replacement

Project: 14 Motorola portable Radios Estimated Costs: \$49,000

Project Description: To purchase Motorola portable Radios **Project Justification**: To replace old Motorola portable radios.

TOTAL \$ 348,400

ENGINEERING

Project: Street Paving Estimated Costs: \$ 330,000

Project Description: Resurfacing and Repairing.

Project Justification: To repair/ replace streets and infrastructure after failure to pay for patching

and raising manholes that is required by DOT.

Project: Street Improvement Estimated Costs: \$ 100,000

Project Description: Resurfacing and Repairing.

Project Justification: To repair/ replace streets and infrastructure after failure to pay for patching

and raising manholes that is required by DOT.

Project: Vehicle Estimated Costs: \$ 32,000

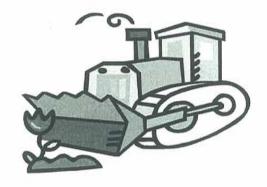

Project Description: To purchase Vehicle.

Project Justification: Vehicle has exceeded its economic life and will reduce the repair and

maintenance cost.

TOTAL \$ 462,000

PUBLIC WORKS

Project: Cover Material (63,000 cu yds) (SW). Estimated Costs: \$ 47,000

Project Description: Cover Material

Project Justification: To cover waste at land fill per EPD requirement.

Project: Pickup Truck Estimated Costs: \$ 18,000

Project Description: Vehicle Replacement

Project Justification: Vehicles are at end of its useful life. Public Work operation is impacted

significantly due to equipment downtime.

TOTAL \$ 65,000

PARKS & RECREATION

Project: Van for Detail

Estimated Costs:

\$ 22,000

Project Description: To purchase a Van

Project Justification: Vehicle has exceeded its economic life and will reduce the repair and

maintenance cost.

Project: HVAC Replacement

Estimated Costs:

\$ 45,000

Project Description: HVAC Replacement

Project Justification: HVAC units need replacement. They are old and are to the point of un

repairable.

Project: Backhoe Replacement

Estimated Costs:

\$ 76,000

Project Description: Backhoe Replacement

Project Justification: Replace 12 years old backhoe that we have spent \$60,000 in repairs. It has

outlived it economic life and is undependable.

TOTAL

\$ 143,000

TRAFFIC ENGINEERING

Project: Vehicle

Estimated Costs:

\$ 14,000

Project Description: To purchase Vehicle

Project Justification: Vehicle has exceeded its economic life and will reduce the repair and

maintenance cost.

VII. DEPARTMENTAL OPERATING BUDGETS

DEPARTMENTAL OPERATING BUDGETS

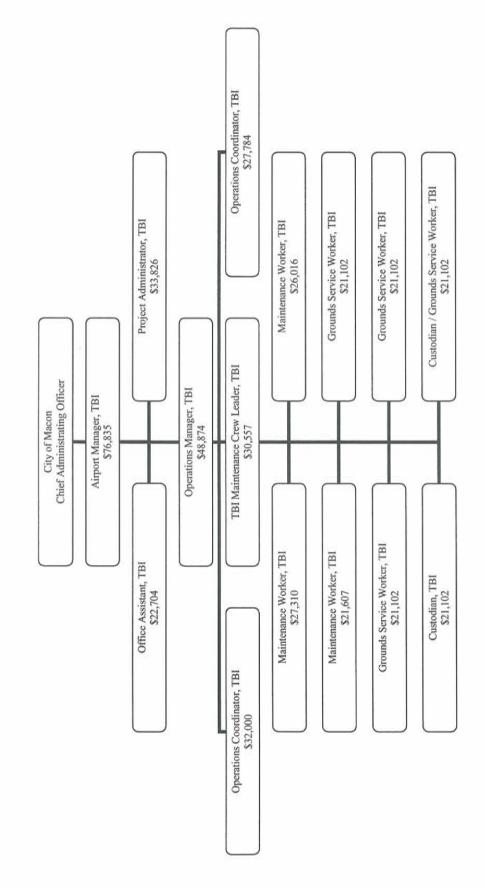

DEPARTMENTAL BUDGETS ARE PRESENTED IN THIS SECTION ALPHABETICALLY. THREE TYPES OF FUNDS ARE REPRESENTED: 1) GENERAL FUND; 2) ENTERPRISE FUND; AND 3) INTERNAL SERVICE FUND.

GENERAL FUND - to account for the General operations of the City; including all financial transactions not required to be accounted for in another fund. All budgets in this section are included in the General Fund with the exception of the Funds identified below.

ENTERPRISE FUND - financed and operated in a manner similar to a private business enterprise. This type fund is used to account for activities of the Coliseum/Centreplex & Auditorium; the E911 System under Police Department; Bowden Golf Course; Solid Waste Management; and Aviation.

INTERNAL SERVICE FUND - to account for the financing of goods or services provided by a City department to other departments of the city or to other local agencies on a cost reimbursement basis. The Vehicle Maintenance department operates under this type fund.

Aviation Department Organization Chart FY 2009

OPERATING BUDGET

DEPARTMENT: Aviation

FUNCTION: Provide Air Transportation and Associated Services

DESCRIPTION

Aviation Department is responsible for the safe conditions and operations of Middle Georgia Regional and Downtown Airport, building and land rentals and maintenance of all City owned buildings on the airports. Also provides profitable and efficient day-to-day operations, lease negotiations with airport concessionaires and coordinating airport activities to serve the traveling public.

TRAFFIC MAINTENANCE ORGANIZATION CHART - FY 2009 CITY OF MACON - CENTRAL SERVICES

OPERATING BUDGET

DEPARTMENT: Central Services

FUNCTION: Traffic Signals

DESCRIPTION

Responsible for the maintenance and installation of all traffic control devices in the City (except signs on State and Federal highways). Devices consist of traffic signals, and other related equipment. In addition, new installations and maintenance is performed under contract for all Bibb County signal equipment and street markings.

CITY OF MACON – CENTRAL SERVICES ELECTRICAL ORGANIZATION CHART – FY 2009

OPERATING BUDGET

DEPARTMENT: Central Services

FUNCTION: Electrical

DESCRIPTION

The Electrical Function provides the maintenance and installation of all electrical systems located in City owned and operated buildings and facilities. This function is also responsible for installation, upkeep and repair of all historical lights, roadway streetlights, telephone wiring, emergency generators, sirens and panic alarms. Also provides electrical installations, preparations and repair for nonprofit organizations.

OPERATING BUDGET

DEPARTMENT: Central Services

FUNCTION: Traffic Maintenance Operations

DESCRIPTION

Responsible for the maintenance and installation of all traffic control devices in the City (except signs on State and Federal highways). Devices consist of markings, signs, and other related equipment. In addition, street markings' new installations and maintenance is performed under contract for Bibb County. This function also performs as a graphic design sign & markings function.

CITY OF MACON - CITY COUNCIL'S OFFICE **ORGANIZATION CHART FY 2009**

OPERATING BUDGET

DEPARTMENT: City Council

FUNCTION: Law, Ordinance, and Resolution Enactment

DESCRIPTION

City Council is the legislative branch of the City Government, composed of fifteen members. This body enacts laws, ordinances, and resolutions for local government. There are six standing committees of Council: Appropriations, Community Resources and Development, Employee Development and Compensation, Public Properties, Public Safety, Public Works and Engineering, and Ordinances and Resolutions. Members are elected every four years, with three members from each of five City wards. The Clerk of Council budget was transferred from the City Clerk's Office; consisting of three full-time positions.

EMA

OPERATING BUDGET

DEPARTMENT: Emergency Management Agency

FUNCTION: Emergency Management

DESCRIPTION

The mission of the Emergency Management Agency is to save lives, protect property and restore essential services and facilities in time of emergency or disasters. In so doing, this agency coordinates Macon-Bibb County Emergency Operations Plans between all emergency response organizations and is responsible for educating the public in Disaster Preparedness. In addition, EMA regularly works with the Macon Police Department, Fire Department and other emergency agencies during day-to-day emergencies and supports many community projects by providing crowd and traffic control, surveillance, first aide, etc., through utilization of the EMA Volunteer Organization.

OPERATING BUDGET

DEPARTMENT: Engineering

FUNCTION: Municipal Engineering

DESCRIPTION

The City of Macon Government is responsible for the public wealth, health, and growth of this community. The Engineering Department insures that these objectives are achieved through good civil engineering, planning, review and approval of proposed civil projects, maintenance, and inspection and design all projects involving the City of Macon. The Engineering Department works closely with all City Departments to insure that their engineering and surveying needs are met.

OPERATING BUDGET

DEPARTMENT: Vehicle Maintenance

FUNCTION: Vehicle Maintenance

DESCRIPTION

The Vehicle Maintenance Department strives to provide quality service to all customers in the most cost effective manner. We deliver parts, labor, and fuel to over 1,305 pieces of city-owned equipment. We deliver fuel only to fourteen (14) outside agencies. We assist departments in writing specifications for equipment, give justification for vehicle replacements, and also provide and maintain an equipment pool for use by all city departments. We have three fuel facilities, in order to be easily accessible for all city vehicles, as well as other agencies in the Macon area.

GOAL STATEMENT

To provide a safe and clean parking facility that meets the needs of the users.

VIII. CITY-FUNDED AGENCIES

CITY - FUNDED AGENCIES

This section contains budgets for all outside agencies, which are appropriated funds from General revenues.

FY 2008 appropriations include funding for sixteen (16) quasi-governmental agencies and four (4) other programs.

The information provided gives a brief description and summary of highlights and the approved budget and City appropriation for each agency.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb County Planning & Zoning Commission

DESCRIPTION

Georgia Laws, 1947, page 1240, approved by the voters of Georgia in 1948 as a special constitutional amendment, authorized the City of Macon and Bibb County to establish the Macon-Bibb County Planning and Zoning Commission. The Commission was established by City Ordinance and County Resolution on November 4, 1952. The Commission has two primary functions; namely, land development regulation and planning. The land development function administers and enforces the zoning and platting regulations. The planning function provides the technical expertise for the Macon Area Transportation Study (MATS) as well as the Macon Area Planning Strategy (MAPS).

HIGHLIGHTS

The Planning Program will be devoting much of its time to the update of the Macon Area Transportation Study (MATS). The staff will be charged with the responsibility of updating plan elements and developing public information concerning MATS. The City and County Comprehensive Plan will be revised through the Macon Area Planning Strategy (MAPS) process; and the Communities Short Term Work Program will also be updated. The task will be done to maintain the Qualified Local Government Status for the City and County.

The Macon-Bibb County Planning and Zoning Commission is funded by the City and the County on a 50:50 basis.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb County Mapping / GIS Department

DESCRIPTION

The Mapping Department, created in 1959, is responsible for creating and maintaining the Bibb County Tax Maps, which show individual parcels of land in our County, along with road right-of-ways, easements, land lots and buildings. These maps and records serve as useful information to attorneys, real estate companies, various government agencies and the general public as well. In 1995, the active transition into the computerized Geographic Information System (GIS) began. At present a manual mapping system and the G.I.S. system are running simultaneously until GIS files are completed. The G.I.S. system is presently operational to some extent for customer service. The Mapping Department is provided administrative and supervisory support by the County Engineer and his staff.

HIGHLIGHTS

The Macon-Bibb County Mapping/GIS Department has been working toward complete computerization this past fiscal year. The GIS database to be received this year will include the Tax Assessor's new parcel numbering system. Tie-ins to the Tax Assessor, City Engineer, Traffic Engineer, and Planning and Zoning are also scheduled.

FUNDED AGENCY

AGENCY NAME: Middle Georgia Community Food Bank, Inc.

DESCRIPTION

The Middle Georgia Community Food Bank, Inc. Is a private, nonprofit, 501(c) (3), service organization. The mission of the MGCFB is to solicit, transport, sort, store, and distribute food products to an agency base made up of other 501(c) (3), or church sponsored programs, that provide services for the needy, homeless, and elderly in our area of operation of 26 Middle Georgia counties. To accomplish its mission, it maintains a staff of 8 full time and 5 part time employees as well as providing a work place for 1 senior citizen working under the Older American Council's Title V Program.

HIGHLIGHTS

The Middle Georgia Community Food Bank, Inc. will be facing challenges and opportunities that include additional food product distribution, the need for additional warehousing space, the need to replace aging and inefficient handling and transportation equipment, and meeting a growing need in the rural areas of our operational area.

FUNDED AGENCY

AGENCY NAME: Macon Arts Alliance, Inc.

DESCRIPTION

The Macon Arts Alliance (MAA) was formed in 1985 after a Greater Macon-Bibb County Chamber of Commerce Committee study of the arts and cultural needs of Macon and Bibb County. In 1987 MAA was designated the official arts council for the city of Macon and Bibb County. With the designation the City and County agreed to fund the MAA equally. The Chamber of Commerce Task Force developed MAA to increase the excellence and vitality of the arts in Macon and Middle Georgia through planning, service, and development. In essence, the Macon Arts Alliance was developed to serve as a catalyst or facilitator for the arts within this Macon/Middle Georgia community. The organization currently functions under the direction of 3 staff members and a 25-member voluntary board of directors.

HIGHLIGHTS

The MAA owns and operates The Boulevard Art Gallery, a non-profit gallery selling the works of local visual artists; presents First Night Macon, Taste of Music, Art in the Park, and On My Own Time; provides Bibb County public schools with Arts Infusion, curriculum-based arts in education program targeting elementary schools.

FUNDED AGENCY

AGENCY NAME: Museum of Arts and Sciences

DESCRIPTION

The Museum's purpose is "to acquire, preserve, study, interpret, and exhibit objects of scientific, historical, cultural, and artistic value that have inherent significance for the citizens of Middle Georgia, so as to promote a fuller understanding of man, his heritage and environment." The Museum has as one of its core missions to provide educational opportunities to the families and children of our region. It hosts over 107,000 visitors of the museum. To accommodate all children we provide free admission to all Bibb County school groups.

HIGHLIGHTS

The Museum hosted several major exhibits during the year, Dinosaurs: Mysteries of Egypt, Legends of Our Time, and the upcoming Empire of the Sultans: Ottoman Art.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb County Urban Development Authority

DESCRIPTION

The Authority was created in 1974 by a legislative act and constitutional amendment approved by the voters of Macon and Bibb County. Its primary purpose is to facilitate and coordinate a program of improvements and economic enhancement of the Downtown, the center city area of the community. Basic operating funding is appropriated by the City and County on a 50/50 basis. The authority, in cooperation with the city, county, Downtown Council, NewTown, MEDC and other agencies is the focal point to facilitate major development projects in Downtown Macon. The authority works on a continuing basis to attract and assist new businesses and investors.

HIGHLIGHTS

<u>NEW BUSINESS</u> - 7 new businesses opened in Downtown storefront locations, including retail, restaurant and service establishments. This brings the total to 84 new businesses, including 18 new restaurants during the past eight years. This does not include new professional firms that have moved into office buildings in Downtown.

MAJOR NEW INVESTMENT - Major investment project under way in Downtown totaling more than \$12 million is a six-story office/commercial building around the "Triangle Site" at MLK Blvd. The Willow has given notice that they will extend their lease. The Technicon Engineering has completed a \$4 million renovation of their new headquarters.

<u>PUBLIC IMPROVEMENTS</u> – The authority has been the driving force behind efforts to find solutions to Downtown's parking. The authority sponsored and funded a comprehensive Parking Management Study. The city has approved a package of recommendations.

<u>BUSINESS ASSISTANCE</u> - The authority works daily with small businesses to solve problems and meet needs, including parking, sidewalk café permits and security and other issues.

The UDA is jointly funded by the City and County on a 50:50 basis.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb County Industrial Authority

DESCRIPTION

The Authority was created by Act of the General Assembly in 1962. The Authority is governed by a six- (6) member board and has a staff of four (4). The Act charged the Authority with the responsibility of creating jobs and increasing the tax base of Macon/Bibb County. It issues Industrial Revenue Bonds for financing of economic development projects and provides incentives to new or expanding industry. These incentives can be funded through Authority resources or through other sources with the Authority acting as the vehicle to provide the incentives. The Authority develops industrial parks. It also owns and leases manufacturing, warehousing, and office space at Allied Industrial Park.

HIGHLIGHTS

The Industrial Authority will maintain its various industrial lands, which includes cutting grass, maintaining drainage, roads, signs, rail and various other responsibilities of landowners. Further, the Authority owns and leases warehouse, manufacturing and office space, which must be maintained and, on occasion modified to suit tenant's needs.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb County Transit Authority

DESCRIPTION

The Transit Authority has the responsibility for providing public transportation to the citizens of Macon and Bibb County via fixed route service. The Authority also provides ADA, mandated, Para-Transit service which is contracted to the Older Americans Council (OAC) for operations. The Transit Authority has the responsibility for assisting in the formulation and in overseeing the operation to assure its compliance with the Justice Department. Public Transportation and Para Transit services are provided six days a week, Monday through Saturday, 5:20 a.m. to 11:00 p.m. The governing and policy making board consists of 7 appointed members, 4 by the City and 3 by the County.

HIGHLIGHTS

The Transit System has made modifications to regular fixed routes by adding a feeder bus to the Bellevue route and providing service to the Eisenhower Crossing Shopping Center and the new Super Wal-Mart. We have also implemented a lunchtime route, which is serviced by the trolleys. We will continue to evaluate routes on a regular basis and make changes if necessary and cost effective.

FUNDED AGENCY

AGENCY NAME: Macon Economic Development Commission

DESCRIPTION

The Macon Economic Development Commission (MEDC) is a partnership of government and private industry. MEDC has as its mission the responsibility for business and industry recruitment and expansion in Macon and Bibb County. This role is to be the catalyst in the creation of more jobs and payrolls for the citizens of Macon, Bibb, and Central Georgia. The MEDC operates in conjunction with the MBC Industrial Authority, Urban Development Authority and the Macon Chamber of Commerce. The MEDC staff consists of four (4) full-time employees.

HIGHLIGHTS

To revitalize Economic Development in Macon & Bibb County - To create a one-voice, unified Economic Development Effort - To mount a specific effort to bring more jobs to Downtown - To assist existing employers in expanding employment base - To assist new industries in locating in Macon and Bibb County.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb Citizen Advocacy, Inc.

DESCRIPTION

The Macon-Bibb Citizen Advocacy Office is a private non-profit corporation governed by a voluntary Board of Directors. It matches people who have developmental disabilities and who are discriminated against and/or isolated with private citizens who fill one or several roles in order to provide protection and advocacy. Most relationships last for several years.

HIGHLIGHTS

Our role is to "match" the person with a disability with a private citizen. This citizen protects the rights and advocates on behalf of the person who is disabled. We continue to match those with disabilities with private citizens so they may continue to be involved in citizen advocacy relationships.

The Cherry Blossom is funded by the city and County by revenues generated from the Hotel/Motel Tax (H/M Tax). The City and County contributes 7% and 9.9% of its tax revenue, respectively. The City also provides in-kind services which are reimbursed at one-third of the cost to support the Festival.

FUNDED AGENCY

AGENCY NAME: Macon-Bibb County Convention & Visitors Bureau

DESCRIPTION

The Macon-Bibb County Convention & Visitors Bureau (CVB) is a non-profit marketing organization created exclusively to market and sell Macon to meeting planners, group tour planners and visitors who spend dollars in area hotels, restaurants, shops, service stations, etc. The Bureau's mission is to solicit and service conferences, group business and visitors to the Macon-Bibb County area.

HIGHLIGHTS

The focus of the Macon-Bibb County Convention and Visitors Bureau in FY 2006 is to continue to strengthen and increase Macon's position as a regional, domestic, and international destination for association meetings, conventions, and trade shows, while continuing to successfully promote Macon and Bibb County to the growing tourism industry. Olympic marketing, major meetings, implementation of Technological Promotion through Internet and E-Mail, Image campaign, domestic/international sales/marketing, and diversity marketing are employed.

The City and County fund the CVB from revenue generated by the Hotel/Motel Tax. Of the tax collected, approximately 40% of the City's tax revenue and 87.1% of the County's tax revenue is contributed to this agency.

FUNDED AGENCY

AGENCY NAME: Douglass Theatre

DESCRIPTION

As adopted by the Friends of Douglass Theatre, the mission of the Douglass Theatre shall be to provide the community a theatre for multi-cultural performances, films, and lectures, and to preserve the African-American artistic and social legacy of the Douglass through exhibits and educational programs. The Douglass is open daily Monday through Friday to area school students and on weekends to area residents and visiting tourists associated with the Music and Sports Halls of Fame. The Board of Directors of the Friends of the Douglass Theatre has identified the staff requirements to be three (3) full-time and two (2) weekend employees.

HIGHLIGHTS

The Douglass Theatre opened in the fall of 1999. With a seating capacity of nearly 350, the theatre will offer 35mm and large format 70mm films capable of showing feature-length motion pictures and powerful IMAX images. In addition, the Douglass will offer high-resolution video projection for teleconferencing and long-distance learning presentations. It will also serve as a live entertainment venue coordinating with existing dramatic arts programs.

OTHER OUTSIDE APPROPRIATIONS

AGENCY NAME: New Town Macon

\$ 10,000 was appropriated for annual membership dues.

AGENCY NAME: Macon-Bibb County Para-Transit System

The Para-Transit System is a unit of the public transportation system, which provides transportation for handicapped citizens. The Older American Council in conjunction with the MBC Transit Authority operates the system. The system has four (4) full-time employees and two fully equipped vans servicing the community.

The City and County fund the operating deficit of the Para-Transit system on an 80:20 basis. The City appropriation for FY 2009 is \$117,597.

AGENCY NAME: ECD - Home Match

As of July 1, 2008 funding of \$125,000 is budgeted in the General Fund to supplement ECD – Home Match.

AGENCY NAME: ECD - Land Acquisition

As of July 1, 2008 funding of \$200,000 is budgeted in the General Fund to supplement ECD – Land Acquisition.

AGENCY NAME: Payne City (LOST)

The FY 2009 budget contains an appropriation to provide a payment in lieu of Sales Tax to Payne City, a small-incorporated City that lies within the city limits of Macon. An agreement was reached whereby the City of Macon pays Payne City \$15,000 per year in lieu of a portion of the Sales Tax revenue collected. The agreement is for 30 years beginning January 1, 1993.

IX. OTHER FUNDS

OTHER FUNDS

Other budgeted funds are in this section. They include a Special Revenue fund and the GOB Debt Service fund.

HOTEL / MOTEL TAX FUND - to account for funds collected from the Hotel/Motel tax and disbursed to the Convention and Visitor's Bureau, the Cherry Blossom Festival and the Coliseum Enterprise Fund and Debt service.

DEBT SERVICE SCHEDULE - to account for the accumulation of resources for repayment of general obligation bond principal and interest.

OTHER FUNDS

HOTEL / MOTEL TAX FUND

The Hotel/Motel Tax Fund was established to account for receipts from the Hotel/Motel Tax. The tax is collected from lodging facilities located within the city limits by the City Finance Office. Beginning with July 2007 the distribution is estimated to be as follows:

53%	Macon Centreplex	\$385,045
40%	Convention/Visitors Bureau	\$290,600
7%	Cherry Blossom Festival	\$ 50,855

PURPOSE

The City declares that the encouragement, development, growth and expansion of tourism and conventions within the city are important to the economy of the city and to the general welfare of its citizens; and that the city should be a tourism and convention center of the state and should have the financial ability to attract and promote tourism and conventions.

DEBT SERVICE FUND

DEBT MANAGEMENT

Macon's primary objective in debt management is to keep the level of indebtedness within available resources and within the legal debt limitations established by Georgia Law. Presently, the City's debt levels are well within its limits (see Legal Debt Margin on the following page). Debt service expenditures are the result of bonds issued by the City and include principal and interest payments. Outstanding debt being serviced in the current budget totals \$46 million (principal only) for all long-term obligations.

The City of Macon utilizes two (2) funding sources for repayment of debt for bond issues. **Revenue bonds** - which are issued by Authorities such as the Industrial Authority (created by the government). By virtue of going through an authority, the bonds are considered to be an indirect debt of the City and constitute a contractual debt with the authority. The Coliseum Authority Bond payment of \$11 million will be paid by a Special Purpose Local

Option Sales Tax (SPLOST). \$2,145,366 is appropriated in the General Fund for payment of these contractual obligations for FY 2009.

The following is a summary of all debt that is currently being serviced by the City and approved in FY 2009 budget. Given is the amount of the issue, the date issued, the average annual payment (with the current principal appropriation in parentheses), the interest rate at which the issue was made and the amount outstanding as of July 1, 2008. A more detailed debt schedule follows.

GENERAL OBLIGATION BONDS

REVENUE BONDS & CONTRACTUAL OBLIGATIONS

2003 Middle Georgia Coliseum Authority Revenue Refunding Bonds - \$14,225,000 Issue (Refunding of 1994A & 1994B MGCA

Due in annual installments of \$355,000 to \$1,650,000 (\$595,000) Maturity: July 1, 2016 Principal Outstanding: at July 1, 2008 \$11,035,126.

Urban Development

\$7,860,000 and 4,165,000, Series 2002A and 2002B, respectively, Macon-Bibb County Urban Development Authority Revenue Bonds due in annual installments of \$608,239 to \$1,045,776 through August 1, 2024, interest at 2.5% to 6.0%. As of June30, 2008, the balance of this obligation is \$11,532,440.

Capital Leases

The City has entered into lease agreements as lessee for financing the acquisition of various equipment. The lease agreement qualify as capital leases for accounting purpose (titles transfer at the end of the lease term) and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inceptions. \$8,958,310, 1999 lease purchase due in varying monthly installments of \$65,313 to \$81,626 through October 1, 2014, interest at 5.16%. The balance of this obligation at June 30, 2008 is \$5,007,210.

Georgia Municipal Association Capital Leases Payable and Certificates of Participation

In 1990 and 1998, the City entered into two master lease agreements with other local governments in the State of Georgia through the Georgia Municipal Association, Inc. (also known as the GMA). While the basic purpose is the same for both master lease agreements, the form of the 1990 agreement is not the same as the 1998 agreement, and they are required to be accounted for differently.

Capital Lease Payable. The 1990 GMA master lease agreement is a capital lease. As of June 30, 2008 the principal total amount due is \$1,373,705. Interest is payable at an imputed rate of approximately 7%. All amounts outstanding as of June 30, 2008 are due and payable in November 2008.

Certificates of Participation. In June 1998, the City entered into another lease pool agreement with the GMA. The funding of the lease pool was provided by the issuance of \$150,126,000 Certification of Participation (COP) by the GMA. Unlike the 1990 capital lease pool payable, the 1998 COP immediately passed the net proceeds through to the participating municipalities with the City's participation totaling \$6,300,000. The lease pool agreement with the GMA provides that the City owns their portion of the assets invested by the pool and is responsible for the payment of their of the principal and interest of the COP. The principal of \$6,300,000 is due in a lump sum payment on June 1, 2028. Interest is payable at the rate of 4.75% each year. The lease pool agreement requires the City to make lease payments back into its investment account to fund the principal and interest requirements of the 1998 GMA Certificate of Participation.

Business Type Activities Debt

The following revenue bonds are included in the Airport Enterprise Fund:

Zantop Bond

\$4,500,000, 1993 Macon- Bibb County Industrial Authority Airport Improvement Revenue Bonds are due in annual installment of \$257,208 to 355,435 through May 1, 2018, interest at 3.9% to 6.1%. The balance of this obligation at June 30, 2008 is \$2,605,000.

ASA Bond

\$3,600,00, 2002 Macon- Bibb County Industrial Authority (Airport Improvement – Atlantic Southeastern Airlines Project) due in annual installments of \$325,500 to 337,250 through April 1, 2018, interest at 4% to 5%. As of June 30, 2008, the balance of this obligation is 2,542,350.

Convention Center Hotel Public Contribution Project

In December 2007, the City issued \$10,945,000 Macon-Bibb County Urban Development Authority (Georgia) Revenues Bonds. The Series 2007 Bonds were issued for the purpose of paying a portion of the cost of: (a) the construction and installation of a 220-room full-service Convention Center and (b) the renovation of the Convention Center. Interest on these bonds will be payable in semi-annual installments on April 1 and October 1 each year, commencing on April 1, 2008. Interest rates on these bonds vary annually ranging between 3.27% and 4.77%. Principal amounts are due each October 1 and range annual amounts of \$285,000 to 580,000 through 2034.

LEGAL DEBT MARGIN

The Legal Debt limit for the City for General Obligation Bond debt is determined by the constitution of the State of Georgia to be 10% of the total assessed value of all real, personal, and public utility property. The Legal Debt Margin as of July 1, 2008 is \$186,598,421 as determined by the following computation:

REAL & PERSONAL PUBLIC UTILITIES VEHICLES OTHER Less EXEMPTIONS	\$1,685,756,085 61,483,718 158,825,940 2,876,993 (42,958,520)
TOTAL ASSESSED VALUE	\$1,865,984,216 =========
BONDED DEBT LIMIT (10% of assessed value)	\$ 186,598,421
Less GENERAL OBLIGATION BONDS OUTSTANDING	**
LEGAL DEBT MARGIN	\$ 186,598,421

BOND RATING

Bond ratings are a measure of the City's credit worthiness. The ratings agencies analyze the City's economic condition, debt management, administrative leadership and fiscal planning and management to determine the City's credit rating. The City's bonds have favorable ratings from Standard & Poor's and Moody's Investors Service. The current ratings are A and A3, respectively. These ratings allow the City to broaden the market for its bonds and lower the interest cost for issuing bonds.

X. INDEX

INDEX

- This section includes a glossary.
- This section is an alphabetical listing of the contents of this document and the corresponding page number.
- Also included is a list of acronyms frequently used throughout the document.

GLOSSARY

Transactions processed to record receipts and expend funds are performed based on assigned account numbers. Functioning under generally accepted accounting principles (GAAP) on the basis of fund accounting, account numbers are established as follows:

ACCOUNT NUMBER - FUND/DEPARTMENT/FUNCTION/OBJECT XX - XXX . XXXXX FUND DEPT FUNCTION OBJECT

A **Fund** is an accounting and budgeting entity established to finance a specific purpose and maintain financial records of transactions for this purpose.

A **Department** is an organizational or budgetary break down within a fund. Each department serves a specific function as a distinct organizational unit of government.

A Function is a sub-division of a department.

An **object of expenditure** is a detailed expenditure classification which relates to a specific type of item purchased or service obtained.

The following are definitions of some of the more common terms that may be encountered in reviewing this document.

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Appropriation - A legal authorization granted by the legislative body (City Council) to make expenditures and incur obligations for specific purposes.

Appropriations Ordinance - The formal budgetary document enacted by the legislative body which contains all approved appropriations for the fiscal year.

Attrition - A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Personnel (positions) -The total number of personnel (positions) authorized to be employed in a particular department/function at any given time during the fiscal year.

Available Fund Balance - Financial resources carried forward at the end of a fiscal year which have not been reserved or designated for a specific purpose such as working capital. These resources are considered "available" to finance future budgets.

Bond - A long-term obligation or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond -

This type of bond is backed by the full faith, credit and taxing power of the government, requires approval by referendum in Georgia, The debt ceiling is ten percent of the assessed value of all taxable property. The cost of financing is spread over the life of the improvement so that future users help to repay the cost.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Budget - A proposed plan for raising and spending money for specified programs, functions, and activities during a fiscal year.

Budget Adjustment - A legal procedure utilized by city staff to revise a budget appropriation. City staff has the prerogative to adjust expenditures within or between departmental budgets according to budget policy, but no increase in the total budget can occur without approval of the City Council.

Budget Calendar - The schedule of key dates which a government follows in the preparation and adoption of the budget.

Budgetary Basis - This refers to the basis of budgeting used to estimate

financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Capital Fund - A fund used to account for financial resources used for the acquisition or construction of major capital facilities.

Capital Improvement Program
(CIP) budget - The first year of the
CIP as approved by the City Council.
The Capital Budget should be based
on a set of long term capital
improvement programs. Macon
approves capital budgets on an annual
basis.

Capital Outlay (Assets) Expenditure which result in the
acquisition of or addition to fixed
assets, including short-lived
machinery and equipment.

Capital Projects - Projects which involves the acquisition of major machinery, equipment, land, buildings, renovations, and/or construction with a cost of more than \$15,000.

Contingency - A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted for. The Mayor and City Council have separate contingencies which may be used at their discretion.

Cost-of-living Adjustment (COLA) -An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service Fund - A fund used to account for the accumulation of

resources for, and payment of, general long-term debt principal and interest.

Debt Service - Interest and principal payments associated with Bond Issues.

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a future expenditure.

Enterprise Fund - A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to insure that revenues are adequate to meet all necessary expenditures.

Expenditures - The payment for goods and services; expenses incurred for specific items, or services.

Fees - Charges for services rendered by City Departments.

Fiscal Year - A 12-month period for which a budget is proposed, at the end of which a government determines its financial position and the results of its operations. The City of Macon

operates on a July 1st through June 30th fiscal year.

Full-time Equivalent Position (FTE)
- A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year. For example, a part-time typist working for 20 hours per week would be the equivalent to .5 of a full-time

position.

Fund Balance - The amount by which assets exceed liabilities in a governmental fund.

Funded Agencies - Nonprofit agencies who provide community services which supplement and support City programs and for which City dollars are made available.

GAAP - Generally Accepted
Accounting Principles. Uniform
minimum standards for financial
accounting and recording,
encompassing the conventions, rules,
and procedures that define accepted
accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grant - A contribution by a government or other organization to support a particular function.

Infrastructure - Basic installations and facilities upon which the continuance and growth of a community depend; examples are roads and public utilities.

Interfund Transfer - A transfer of resources from one accounting fund to another accounting fund. For example, an interfund transfer might be made from the General Fund to offset a deficit in the Coliseum Fund for stadium operations.

Levy - To impose taxes for the support of government activities.

Line Item Budget - A budget that lists each expenditure category (salary, supplies, services, etc.) separately, along with the dollar amount budgeted for each specified category.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Millage rate - The tax rate on real property based on \$1.00 per \$1,000 of assessed property value.

Modified Accrual Basis - Under the modified accrual basis of accounting, recommended for use by governmental funds, revenues are recognized in the period in which they become available and measurable, and expenditures are recognized at the time a liability is incurred pursuant to appropriation authority.

Objective - Something to be accomplished in specific, welldefined, and measurable terms and that is achievable within a specific time frame.

Operating Budget - The portion of the budget pertaining to daily operations that provide basic governmental services. The operating budget contains appropriations for such expenditures as personal services, fringe benefits, commodities, services and capital outlay.

Operating Cost - All costs (excluding personnel cost) associated with the operation of a particular department or function. These costs include supplies, services, minor repairs, and improvements, minor equipment acquisitions and travel and training expenses.

Performance Measure - Special quantitative and qualitative measure of work performed as an objective of a department.

Personnel Cost - Total expenditures for hourly, daily, monthly, seasonal salaries, overtime, incentive pay, oncall pay, and employee benefits including social security, employment taxes, health insurance and pension contributions.

Revenues - Sources of income received during a fiscal year including resources forwarded from prior years, operating transfers from other funds, and other financial sources.

Services & Charges - Expenditures for services other than personnel including contractual agreements, legal & accounting fees, medical services, etc.

Supplies - Articles and commodities which are consumed when used; categories include: office, operating, agricultural, cleaning, clothing, chemicals, etc.

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Unallocated Reserve - An expenditure budget within a fund which is not allocated for a specific

purpose, but which is held in reserve for future spending needs.

Working Capital - Funds equal to one-twelfth (30 days) of the General Fund budget which is set aside as a reserve to be used in extraordinary emergency situations only.
