

District Five

5 x 5 Neighborhood Program

Improving Neighborhoods

Building Communities

Five Blocks at a Time

5 x 5 Program

Mission Statement:

“Expand the City of Macon’s 5 x 5 Program to the entire community and develop a volunteer component that engages residents and connects them to available beautification resources that can help maintain the targeted areas.”

The 5 x 5 Program is a process for Macon-Bibb County to enhance and target areas in a five block area in each District for five weeks. Macon - Bibb will work with the community and organizations on projects and events as a way to build a sense of ownership in the improvement process.

Goal: The goal is to complete nine 5 x 5 events a year. Five square blocks for 5 weeks once a year equals an estimated 45 square blocks of focused improvements and clean ups each year..

‘Forward Together’ Strategic Priorities

Economic and Community Development

Our highest priority is to create a robust economy & strong communities. We will focus on retaining our current business & industry & creating opportunities for new economic development while addressing poverty & supporting & encouraging quality education & workforce development.

Safe Neighborhoods and Safe Communities

Safe neighborhoods are the foundation of great communities. We will focus our efforts on providing for public safety, citizen education & engagement and crime prevention, all in an effort to create safe & enduring communities.

Effective Government and Governance

Our City Commission and staff will work to improve public perception of the governance and government process and apply fair and equitable taxation principles and employee compensation and utilize best management practices to execute Commission policy towards completing SPLOST and all other projects successfully and in a timely manner. Our most valuable asset is our employees and we will commit to their training and development, recognizing their good works and retaining those assets.

Infrastructure Improvement

To achieve the community we desire we will focus on and develop stormwater, water and waste water infrastructures and an integrated transportation system of rails, trails, roads and runways to become the logistics hub of Georgia.

Quality of Life

We will support, encourage and promote good-living in Macon-Bibb with the arts and cultural events, tourism improvements, social and night life opportunities and a community-wide system of passive and active recreation.

Robert A. B. Reichert, Mayor

" Now more than halfway through with our first year of the expanded 5 x 5 Program, Departments and community partners are still dedicated to focusing work and efforts to clean up our neighborhoods. In District 5, we repaired roads with half a ton of asphalt, removed more than 30 tons of debris from streets and rights of way, installed street signs, repainted curbs, and much more. "

Bert Bivins, III, Commissioner

District 5

BEFORE

AFTER

Conclusion

District Five 5 x 5 was located between Eisenhower and Mercer University Blvd, approximately 3/4 miles east of the Macon Mall. The area was depressed, which included several abandoned homes and was home to several dumping sites. The neighborhood consisted of several dead-end streets which made it conducive to dumping.

The majority of the time in District Five was spent painting curbing, cleaning overgrown right-of-ways and cleaning dump sites. A portion of this neighborhood has been serviced in previous 5 x 5 efforts. Promise Neighborhood and other community efforts have recently located nearby so the area bears watching to see if this will impact the neighborhoods. Unfortunately other than these organizations there is little community involvement.
