

District Six

5 x 5 Neighborhood Program

Improving Neighborhoods

Building Communities

Five Blocks at a Time

5 x 5 Program

Mission Statement:

“Expand the City of Macon’s 5 x 5 Program to the entire community and develop a volunteer component that engages residents and connects them to available beautification resources that can help maintain the targeted areas.”

The 5 x 5 Program is a process for Macon-Bibb County to enhance and target areas in a five block area in each District for five weeks. Macon-Bibb will work with the community and organizations on projects and events as a way to build a sense of ownership in the improvement process.

Goal: The goal is to complete nine 5 x 5 events a year. Five square blocks for five weeks once a year equals an estimated 45 square blocks of focused improvements and clean ups each year.

‘Forward Together’ Strategic Priorities

Economic and Community Development

Our highest priority is to create a robust economy & strong communities. We will focus on retaining our current business & industry & creating opportunities for new economic development while addressing poverty & supporting & encouraging quality education & workforce development.

Safe Neighborhoods and Safe Communities

Safe neighborhoods are the foundation of great communities. We will focus our efforts on providing for public safety, citizen education & engagement, and crime prevention, all in an effort to create safe & enduring communities.

Effective Government and Governance

Our City Commission and staff will work to improve public perception of the governance and government process and apply fair and equitable taxation principles and employee compensation and utilize best management practices to execute Commission policy towards completing SPLOST and all other projects successfully and in a timely manner. Our most valuable asset is our employees and we will commit to their training and development, recognizing their good works and retaining those assets.

Infrastructure Improvement

To achieve the community we desire we will focus on and develop stormwater, water and waste water infrastructures, and an integrated transportation system of rails, trails, roads, and runways to become the logistics hub of Georgia.

Quality of Life

We will support, encourage, and promote good-living in Macon-Bibb with the arts and cultural events, tourism improvements, social and night life opportunities, and a community-wide system of passive and active recreation.

Robert A. B. Reichert, Mayor

“From traffic line painting to sign and water meter repair, these are the services the people of Macon-Bibb should expect. By doing them at the same time, they should see a marked difference in their community and help build a sense of pride.”

Ed DeFore, Commissioner

“I want to thank Mayor Reichert and the Administration for the outstanding work on the 5 x 5 project. I am a representative of the Macon Water Authority and there were many meters that needed repaired and updated and I thank the MWA for their hard work. These are the things citizens expect from their elected officials. Most of all I want to thank the people at the Government Center for the services that they provided. It is good that we have a consolidated government and we are lucky to have a Mayor who will go the second mile for the citizens. The Nine Commissioners work together well and I am proud to play a little part in helping the Mayor and our citizens.”

BEFORE

AFTER

Conclusion

The District Six 5 x 5 area was located near Log Cabin Drive, a neighborhood with all residential homes, no sidewalks, and no dilapidated structures. Most of the homes were built in the 50's, 60's, and 70's and have been well maintained for the most part.

The scope of work was focused on replacing signs, sweeping streets, curb painting, and maintenance of lights.
