GENERAL/SPECIAL ELECTION,

Securing Your Absentee Ballot

Secretary of State Brad Raffensperger is Securing Your Absentee Ballot.

Secretary of State Brad Raffensperger is keeping all options available to voters during the 2020 COVID-19 pandemic. The Georgia absentee ballot portal will allow you to quickly request an absentee ballot and receive confirmation that your request is being processed. Your secure ballot will be verified and fulfilled by your county elections office.

No excuse absentee was established under then Governor Sonny Perdue, and voted in support by the now Speaker of the House David Ralston. While we thank those two visionaries for expanding access to voting, Secretary Brad Raffensperger has placed additional security measures to ensure the integrity of the vote.
