

Permit Number	Issued Date	Valuation	Address	Permit Type	Owner Name	Primary Contractor Company Name	Notes
21MBC-FR00012	03/01/2021	\$3,200.00	5425 BOWMAN RD, MACON, GA 31210	Fire Alarm	SPP INVESTMENTS LLC	BURGLAR ALARM PRODUCTS INC.	Existing System is a Silent Knight IFP-50 which is a proprietary version of one of their main line panels. There is no local dealer that the customer can locate and they would like a local company to service the system. We propose replacing the FACP with a Silent Knight 6700 - this is the new version equivalent of the IFP-50 in their non-proprietary line of panels. The annunciator would also be replaced to be listed as compatible with the new panel. The panel and annunciator are the same physical size and device capacity is the same. All existing devices will be reconnected to the new FACP and tested. We would also like to replace the phone lines that are having intermittent communication issues with a Napco Starlink Cellular Fire Communicator. The one we would use would not be powered from the fire alarm but instead have its own power and battery backup. A monitor module would be added to monitor
