 - b) State and Local Building Code
 - c) Georgia Department of Transportation (D.O.T.)
 - d) Occupational Safety and Health Administration (OSHA)
 - e) Other Federal, State, or Local Codes

B. Permits and Licenses

1. Contractor shall obtain all permits and licenses, paying all fees as required, for execution of the Contract. In addition, the Contractor shall arrange for necessary inspections required by the City, County, State and other authorities having jurisdiction, and submit certificates of approval to the Owner or his designated representative.

C. Layout of Work

1. The Contractor shall verify all existing conditions and contiguous work and lay out his work there from, providing for himself all other necessary measurements, lines and levels, and shall assume the responsibility for the correctness of the layout of the work.

D. Work Area

1. The Contractor shall confine his operations to as small an area as possible, using only the areas designated for on-site storage.
2. The Contractor shall protect all surrounding adjoining private and public property, taking every precaution to prevent damage or injury to trees, shrubs, curbs, sidewalks, driveways and fences along or adjacent to the work. Should damage occur, the Contractor shall restore, at his expense, any such property damage or injuries by his operations to a condition equal to that existing before such damage or injury was done, by repairing, rebuilding or otherwise restoring as may be directed by, and to the satisfaction of the Owner.
3. In case of failure on the part of the Contractor to restore such property, or make good such damages or injury, the Owner may, after forty-eight (48) hours written notice, proceed to repair, rebuild, or otherwise restore such property as may be deemed necessary, and the cost thereof shall be deducted from any monies due or which may become due the contractor under this contract.

E. Underground Utilities

1. The Contractor shall verify all underground utilities and their locations prior to commencing any work under this contract. Damages to underground utilities, and costs to repair same, shall be the responsibility of the Contractor.

F. Traffic Control

1. It shall be the responsibility of the Contractor to maintain traffic by utilizing adequate construction signs and flagmen at all times.
2. The Contractor shall furnish, install, maintain and eventually remove all traffic control devices necessary to properly protect and divert traffic. Such barricades and detour signs shall be illuminated at night.
3. All costs associated with traffic control shall be the responsibility of the Contractor.
4. The Contractor shall assume all responsibility for damages resulting from the failure of the signs and/or barricades to properly protect the work from traffic.

G. Erosion Control

1. Erosion control measures will be required for this project and Contractor shall refer to "Manual for Erosion and Sediment Control in Georgia" prior to any grading or construction activities. All activities involving erosion measures and construction must be approved by Macon-Bibb Engineering Department in coordination with Macon-Bibb Parks and Beautification.

H. Vandalism

1. The Contractor shall take every precaution not to leave equipment and materials where they can be reached and used for defacing new or existing work at any time.

I. Material Disposal

1. The Contractor shall allow no trash, dirt, stumps, tree trunks, or excess material to accumulate and shall be responsible for removing same from the premises.
 - a) Such items shall be disposed of off the premises.
 - b) Burning of material on the site will not be permitted.
 - c) All costs of removing trash shall be the responsibility of the Contractor.
 - d) Place and method of disposal shall be the responsibility of the Contractor.

J. Extension of Time

1. In the event the work under this project is delayed by neglect, delay, or default of any other Contractor or the Owner, or by any damage which is the result of an Act of God, or by a general strike of the employees, the Contractor shall have reason to claim for delay and request an extension of time to complete the contract.

K. Liquidated Damages

1. Liquidated damages in the amount of **\$75** shall be charged to the contractor for each day that the project is delayed beyond the completion date of the contract. These charges are to defray the cost of inspection by Macon-Bibb employees assigned to the project.

L. Inspection

1. The Engineer may appoint inspectors to inspect all materials used and all work performed. Such inspection may extend to all or any part of the work and to the preparation of manufacture of the materials to be used. The inspectors will not be authorized to revoke, alter, enlarge or relax the provisions of this specification, nor will they be authorized to approve or accept any portion of the completed work or to issue instruction contrary to the plans and specifications. The inspector shall have authority to reject defective material and to suspend work that is being improperly done, subject to the final decision of the Engineer.
2. It is mutually agreed between the parties to the contract that to prevent all disputes and misunderstandings between them in relation to any of the provisions contained in these specifications, or their performance by either of said parties, the Engineer shall serve as the referee to decide all matters of construction of the specifications and of the terms of the contract, and as to all matters arising or growing out of said contract and his decision shall be final and binding upon both parties.
3. The Engineer and his inspectors shall have free access to all parts of the work, and to all material intended for use in the work. The work will be inspected as it progresses, but failure to reject or condemn defective work at the time it is done will in no way prevent its rejection whenever it is discovered before the work is finally accepted and approved, nor will final acceptance and approval constitute waiver by the County of any right of action for defective work or the failure to perform the contract according to its terms.

V. WARRANTY

The Contractor shall guarantee all labor and workmanship for minimum of one (1) year (s) from date of completion.

Cotton Avenue Plaza -Macon-Bibb

In compliance with your Advertisement for Bids, the undersigned, hereinafter termed the Bidder, proposes to enter a contract with **Macon-Bibb** to provide the necessary machinery, tools, apparatus, and other means of construction, and all materials and labor specified in the Contract, or called for by the Drawings, or necessary to complete the Work in the manner therein specified within the time specified, for the following prices:

The Bidder has carefully examined and fully understands the Contract, Plans and Specifications, and other Documents hereto attached, and has made a personal examination of the Site of the proposed Work, and has satisfied himself as to the actual conditions and requirements of the Work, and hereby proposes and agrees that if his proposal is accepted, he will contract with **Macon-Bibb** in full conformance with the Contract Documents.

The scope of the project includes the demolition of road, concrete, electrical elements, and granite curbing. The project includes the installation of curb and gutter, roadway, reinstallation of granite curbing, concrete paving, concrete paver installation, electrical, storm water extension and added catch basins, irrigation and landscape all as shown on the construction plans. Contractor will provide soil and erosion control measures required for this construction project. Contractor is responsible for the demolition and removal of existing materials. All grading and installation of dirt to repair the demolished areas of the site, construction of new sidewalk and plaza, irrigation installation, landscape planting, lighting renovation, installation of electrical fixtures and installation of site furniture.

This proposal includes a Base Bid and Add Alternates. The Add Alternates will be selected to be included in the Contract based on the Budget. The undersigned Bidder proposes to construct the following items for the following prices, which will include all materials, labor, overhead, profit, and expenses.

**PROJECT SCOPE CONSTRUCTION OF COTTON PLAZA
COTTON AVENUE BETWEEN WALNUT AND THE COTTON AVENUE
CONNECTION TO SECOND STREET, MACON, GEORGIA**

GRADING COMPLETE –

Includes the installation of required erosion and sedimentation control measures, the demolition of existing site features as shown on the demolition plans and the regrading of the site. All preparation for concrete paving, concrete pavers, granite pavers, utility improvements and preparation for irrigation and landscape installation.

ROADWAY, CURB AND GUTTER AND STORM WATER UTILITY WORK

This includes the rework of the roadway and the curb and gutter installation needed throughout the project. There are two (2) existing storm sewer inlets in Cotton Avenue that will need to be blind boxed and extended to the new curb of Cotton Ave. where two (2) new storm sewer inlets will need to be installed.

CONCRETE WALKS AND CONCRETE PLAZA AREA

Includes the grading, forming, installation and finishing of all new concrete sidewalks and plain concrete areas as shown on the plan.
The concrete plaza in the base bid will be color concrete that is to be scored in a tight pattern and lightly sand blasted.
This section includes installation of concrete along the existing sidewalk to fill areas where trees, lights and patches have been removed as part of the demolition. This will be concrete with added color.

IRRIGATION INSTALLATION

Irrigation Installation - Includes the installation of an irrigation system that will cover all Landscape areas. This will include sleeving between beds and trees and the installation of

drip irrigation.

LANDSCAPE INSTALLATION

Landscape Installation includes the cost for the complete installation of all plant material as shown on the landscape plan and specifications as included in the construction documents. The tree installation will be included in the base bid. Tree Installation \$ _____

The installation of all other plant material included on the plans is subject to be part of the Landscape Deduct. \$ _____

BID FORM

TOTAL BASE BID \$ _____

ADD ALTERNATES: The Add Alternates are not listed in order – will be selected as the budget allows.

- A. RETAINING WALL, STAIR, RAIL and IRRIGATION and LANDSCAPE – The plan shows the installation of a low retaining wall and new steps along the side of Cotton Avenue opposite the Plaza. The plan shows irrigation and landscape in the area behind the wall. This landscape and irrigation should be included in this ADD ALTERNATE

INSTALLATION OF WALL, STAIRS, and LANDSCAPE \$ _____

- B. RESTRIPIING OF COTTON AVENUE This section includes the restriping of Cotton Avenue as shown on the plan all the way to Cherry Street.

RESTRIPIING COTTON AVENUE \$ _____

- C. INSTALLATION OF COBBLESTONES - This section includes installing cobblestones as shown on the plan in the area around the trees in the Plaza. The cobblestones will be installed in gravel. Cobblestones available from Macon-Bibb.

INSTALLATION OF COBBLESTONES \$ _____

- D. INSTALLATION OF GRANITE CURBING – The demolition of the existing granite curbing is included in the Grading Complete. This item includes reinstalling the granite curb along the Second Street side of the project including the curve area at the intersection of Cotton Avenue. The reinstallation of the granite curbing along this section would preserve the historic character and add a higher curb than a normal curb and gutter. This would serve at the back for the landscape planting area. The price for the installation of granite curbing should be the over / under cost for reinstalling the granite vs curb and gutter.

INSTALATION OF GRANITE CURBING \$ _____
