ADDENDUM # 2

To: ALL PROSPECTIVE FIRMS

Re: INVITATION FOR BIDS: 23-038-LH, SAP Roads Restriping

The Invitation for Bids, referenced above, is modified as follows:

1. Will the County/City clip or blade the edges of the roadway prior to the contractor installing edgelines?

Answer: Yes.

2. The contract requires completion within 60 days. A project of this scope will take more than 60 days to complete. May we have 90 days to complete the project?

Answer: Yes. The contractor selected can have 90 days to complete the project.

3. Are all existing stop bars and crosswalks at the intersections included in the quantities provided or is it only the stop bars and crosswalks at the intersections of the roads to be re-striped?

Answer: Yes. Please complete the Side Roads coming into the intersection of the listed roads with the existing striping currently residing. This will complete the intersection of striping and crosswalks. Any striping or items (such as arrows, rpms, or other markings) beyond the crosswalk on a side street will not be included.

Please incorporate this change into the Invitation for Bid and acknowledge receipt of this addendum on your bid form.

Sincerely,

Laura Hardwick
