In order to ensure compliance with Georgia's Open Records Act, the following language must be included in all Macon-Bibb County contracts and will be a required term for any contract entered into as a result of this solicitation.

The Parties acknowledge that both Vendor and County are required to comply with the Georgia Open Records Act, O.C.G.A. § 50-18-70, et seq. See, *Milliron v. Antonakakis*, 905 S.E.2d 657 (Ga. 2024). As a result, Vendor acknowledges and agrees that County may make such disclosures as are authorized or required under the Georgia Open Records Act, notwithstanding any claims of confidentiality asserted by Vendor as to any records or data in the County's possession.

Upon execution of this Agreement, Vendor shall designate in writing that one or more of its officers shall be the open records officer for Vendor in accordance with the Open Records Act. In the event that Vendor receives a request for records under the Open Records Act, Vendor shall notify County within two business days by sending an email, return receipt requested, to OpenRecordsNotices@maconbibb.onmicrosoft.com. The vendor shall provide the County with copies of all records proposed for production prior to responding to such requests. The vendor shall assert all exemptions and exceptions available to the fullest extent of the law and shall not produce any records which are subject to withholding under the Open Records Act or any other state or federal law. Vendor shall have a duty to consult with independent legal counsel concerning which records are or are not subject to production prior to making any production, and shall certify to County at the time the proposed production is provided to County that the records contained therein have been reviewed by counsel for responsiveness and that all information that is protected or protectable from release under the law has been redacted therefrom. Vendor shall be responsible for calculating response costs and billing requestors for all requests sent in accordance with the Open Records Act, and Vendor's complete compliance with the provisions of this section shall be performed at no cost to County.

Vendor assumes all civil and criminal liability for its own compliance with the Open Records Act. In the event that Vendor produces material records that are subject to withholding under the Open Records Act, and it would be impossible or very difficult to accurately estimate the damage and harm caused to County by such production, then Vendor shall pay County the sum of \$10,000.00 per request as liquidated damages. The Parties intend that these liquidated damages shall constitute compensation, and not a penalty, and that the liquidated damages are a reasonable estimate of the anticipated or actual harm that might arise from a breach by Vendor. Where actual damages are calculable, then the County shall reserve the right to seek actual damages for the harm caused by such production instead of liquidated damages. Nothing herein shall be construed as limiting in any way the County's right to seek injunctive, declaratory, or other relief to prevent the release of protected information prior to any such production being made.
