Re: INVITATION FOR BIDS: 26-028-LH, Carolyn Crayton Park (formerly Central City Park)  
Paving Enhancement Project

**The Invitation for Bids, referenced above, is modified as follows:**

1. Will any pavement markings be required in the parking areas?

Answer: Striping will be performed by others.

2. Does the Park want to keep the excess soil and rock that will be generated or does the contractor need to dispose of any excess material offsite?

Answer: Yes, the excess material will be stockpiled on site. The site will be identified at preconstruction.

3. Will any GEO testing of subgrade, GABC or asphalt be required and if so, will the cost be covered by the contractor?

Answer: No, a proof roll for area 3 will be performed by the contractor and witnessed by engineering staff.

Please incorporate this change into the Invitation for Bid and acknowledge receipt of this addendum on your bid form.

Sincerely,

*Laura Hardwick*
