This project involves the interior renovation and refinishing of four existing commercial buildings located at 389, 375, 363, and 351 Mulberry Street in Macon, Georgia. Three of the buildings were constructed in the early 1900s, with the exception of 351 Mulberry Street, which was built in 1945. All buildings are currently zoned C-3 Commercial and are presently used as professional office space for McNair, McLemore, Middlebrooks & Co. The project consists primarily of interior finish upgrades, minor non-load-bearing partition modifications, and limited reconfiguration of existing restroom and office spaces. No modifications to the structural systems or building footprints are proposed. All work will comply with the 2021 International Building Code (IBC) and the International Existing Building Code (IEBC).
